## Memorial Tower With 14 Bells Topped By Huge Statue Will Be Built At Mount Lourdes Grotto

A huge memorial tower with carillon dedicated to "the glory of God and His Blessed Mother," the gift of the Pangborn Foundation, will be erected at the entrance to the National Shrine Grotto of Lourdes at Mt. St. Mary's College, Emmitsburg, the Rt. Rev. Robert R. Kline, Ph.D., president of the college, announced today.

The 78-foot tower situated on the mountain side above the college will be crowned with a 26-foot gold-leafed bronze figure of the Blessed Virgin Mary, in whose honor the site was named St. Mary's Mount in 1728. The memorial also marks the site of Saint Mary's Church, "The Old Church on the Hill," which was erected in 1805 by Father John DuBois, later the third bishop of New York, founder of Mt. St. Mary's College and Seminary with whom the earliest grotto is associated. It was in this church that Blessed Elizabeth Ann Seton, the first native American beatified by the Catholic Church, was born, and here her sister-in-law, Harriet Seton, was converted to the Catholic faith.

### STONE FROM MOUNTAIN

The exterior of the tower will be of rough-hewn variegated stone quarried from the mountain located on the college property. The trim will be of Indiana limestone. The tower will be 14 feet square with a total height of 116 feet. The statue to be fashioned in Pietresanta, Italy, will be furnished and erected by the de Ranieri Studios, Inc. Four extruded louvers of anodized aluminum with gold finish will be furnished in the belfry.

The interior walls of the tower will be of stone aggregate concrete masonry. A stairway will give access to the belfry. The carillons will be furnished by Pettit and Fritsen Ltd. Aarle-Rixtel, Holland. The electronic equipment for operation of the carillons will be located on the first floor of the tower. Architect F. Edward Tormey Jr., Baltimore, designed the structure and the Lawrence Construction Company, Baltimore, will erect the memorial.

### 14 BRONZE BELLS

The chimes will consist of 14 cast bronze bells ranging in diameter from 16" to 39 1/2" and from 99 to 1,408 pounds in weight. Fourteen solenoid strikers will be housed in the bells themselves. Other features are a program clock for automatic ringing of the Angelus, a Westminster chime and hour strike, an automatic roll player and a key board console.

### MANY VISIT SHRINE

During the past six years thousands of pilgrims have visited the mountain grotto and attended services. In 1958, the 100th anniversary of the apparition of Our Lady to St. Bernadette at Lourdes in the south of France, the Holy See favored this oldest replica of the Lourdes Shrine in America with special indulgences. Amleto Cardinal Cicognani, now Vatican secretary of state and then apostolic delegate to the United States, was chiefly responsible for the shrine.

## Committee Okays Huge Agriculture Department Appropriation

WASHINGTON (AP)—An Agriculture Department appropriation of \$5,182,665,000, reduced \$1,059,632,215 from last year's level, was approved today by the House Appropriations Committee.

Sending the bill to the House, the committee directed the department to reshuffle some of its spending plans, continuing a number of research stations and programs that had been scheduled for elimination or reduction.

It told the department to balance the cost by cutting down on work for the Agency for International Development's programs.

The committee included \$3 million for research on tobacco and insecticides, directing that it begin immediately.

Its report said the \$8-billion tobacco industry is deeply af-

ected by findings linking smoking with cancer and other diseases and it is vital "to determine the properties of tobacco which may affect the health of smokers and to develop means to eliminate any harmful substances found."

Publicity about pesticides, which the report said was "not always based on complete and objective information" and that sometimes presents "a completely one-sided point of view" has needlessly frightened consumers and damaged the interests of farmers and manufacturers, the committee said.

The committee also suggested that provision be made for "payment of financial losses to any producer, processor or manufacturer" resulting from government agencies' statements about pesticides, "where there is no evidence that their use endangers the public health."

## Clarence H. Kress, 43, Father Of 12 And Veteran Of World War II, Given Life Sentence For Hagarman's Murder

### WATER FIGHT, PARADE PUT ON BY STUDENTS

Gettysburg College students were out in force several hours Thursday night and early this morning, causing numbers of complaints by awakened citizens to the borough police office.

Officers Clarence H. Cluck and Ray Breighner, on duty at the time, said they received the first of "more than a dozen" calls about 12:30 and the last about 2 o'clock this morning.

The disturbance however apparently started earlier and lasted later.

Police said they believe activities of the Municipal Authority workers in the northern end of the town flushing the antifreeze from hydrants there led some students to begin to use the water for water battles and others started "getting into the act" and at its peak "I think nearly every college student there was in it," Officer Cluck said.

### PARADED UPTOWN

Students milled about, shouted, threw water, "using everything from wastebaskets to plastic bags to carry the water." Automobiles were doused and "most of the students were soaking wet," according to the police.

Some water was thrown into cars, and "it looked and sounded like they were throwing water in some of the dorms," according to the local police.

At 1:30 "about 500 students" paraded south on Carlisle St. and around Lincoln Square and back to the college, "while the rest stayed at the college area."

Motorists found difficulty driving in the college area with students out on the street, some reportedly lying down.

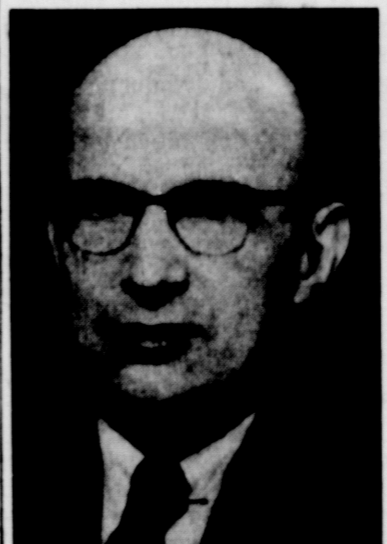

Police cruised about in order to quiet areas of the disturbance that might get "completely out of hand." College deans and the president, according to police, came out to talk to the students.

Eventually, police said, "everything quieted down."

## SEMINARY WK. LECTURES TO CLOSE TODAY

The second day of the 1964 Seminary Week at the Lutheran Theological Seminary got underway Thursday with the service of Matins in the Church of the Abiding Presence. At this service Dr. H. Grady Davis, professor at the Lutheran School of Theology at Maywood, Ill., presented his second lecture on "Liturgy as Drama."

He pointed out that drama involved conflict and struggle and moves toward the resolution of

DR. LEHMANN

this conflict. He showed that the liturgy can be divided into five acts as Shakespeare often divided his plays.

At 10:15 Dr. Paul L. Lehmann, Auburn professor of systematic theology at Union Seminary in New York, gave his first of three lectures on "Kerygma and Drama." In the first presentation Dr. Lehmann pointed out that today the theologians are involved in a "flight from the kerygma because they often get lost in their own hermeneutical principles." Part of the solution to this problem, he suggested, is to get back to the historical Jesus of Nazareth.

### CONCLUDES TODAY

In the second lecture Dr. Lehmann discussed the "one good work of God" as an act of liberation.

Clarence Henry Kress, 43, of Hanover R. 3, this morning was sentenced to life imprisonment for the January 27 slaying of Charles Henry Hagarman, 61, owner of the Buzz Inn in McSherrystown and former employer of Kress.

An Adams County jury, which Thursday afternoon, after two hours and 12 minutes of deliberation, found the former bartender guilty of murder in the first degree, this morning spent 57 minutes in deciding whether Kress should be sentenced to die on the electric chair or be imprisoned for life.

The court, in sending the jury out this morning to make its final decision, told it that it had no course other than the one penalty or the other, that the court could give no standards by which the jury should decide, and that the court realized "this is a very, very heavy responsibility, one none of us would take on ourselves by our own choice."

The increase constitutes a \$600 across-the-board increase, \$300 of which is mandated by the state.

The meeting was the third continued session of the April board meeting. It was recessed April 20 to await the outcome of the merger vote April 23, and was reset for Thursday, April 30. That meeting was recessed when approval of the budget was deadlocked over the proposed increase in teachers' salaries.

## Park Service Willing To Hold Briefings For Local Residents To Aid Tourists

In an effort to stimulate more local interest in the Battlefield and to assist Gettysburgians to better inform the touring public of the many historic attractions in the Gettysburg area, Kittridge A. Wing, superintendent of the battlefield, has inaugurated a new volunteer service.

Today he addressed a letter to 117 merchants, proprietors of hotels, motels, restaurants, service stations, retail business places and others offering to brief all employees of these organizations and any others interested in Gettysburg on the attractions available to thousands of visitors who will come here this year.

### PLANNED FOR JUNE

Wing offers to hold these briefing sessions at the Visitor Center sometime during the first week in June at an hour suitable to all concerned. His communication informing proprietors of his plans follows: "As the season of heavy tour-

ist travel to Gettysburg begins, we of the National Park staff have been wondering how we can help visitors enjoy their trip to the utmost. This letter, being sent out to many businessmen of the community, is our suggestion for a way to assure that visitors will have a good time and will want to come back. We hope you will be interested.

"Most tourists come to Gettysburg to see the battlefield. All tourists have questions about the battlefield, as soon as they get to town. As in every tourist town, many visitors are wandering about quite ill-informed, unable to get sufficient answers to their questions. If these visitors could be well-informed about the attractions of Gettysburg, we believe they would be happier travelers, better citizens, better customers for you, and better advertisements for the trip to Gettysburg."

## Cocked, Loaded Pistol Uncovered In Wreckage Of Crash That Killed 44

CONCORD, Calif. (AP)—A cocked and loaded pistol found in the trail of wreckage left by a Pacific Air Lines plane has brought the FBI into the investigation of Thursday's crash.

All 44 persons aboard the turbo-prop airliner were killed. A quarter-mile of metal fragments, a garbled tape recording, the gun and bits of the victims' bodies were all the evidence that Civil Aeronautics Board investigators had to work with.

The plane, a morning flight from Reno, Nev., went down after stopping in Stockton, Calif., just 40 miles east, San Francisco, its destination.

### GARBLIED MESSAGE

Seconds before the airliner plunged nose first to earth, a garbled message came over its radio but was lost in a screech of static and electronic squeals. The Federal Aviation Agency had a tape recording of it that investigators hoped would pro-

vide some clue. The FBI took charge of a cocked and loaded 38-caliber revolver. At first it was believed to belong to a San Francisco police inspector, George Lacau, who with his wife, Betty, was a passenger on the plane.

A check in police records, however, showed that none of the three revolvers registered by Lacau had the serial numbers of the weapon found in the wreckage.

### MAY CARRY GUN

"Our captains are authorized to carry a gun," said a Pacific Air Lines spokesman. "But none has ever done so to our knowledge."

Sheriff Walter Young asked the FBI disaster squad to use their special fingerprint techniques to make positive identification of the dead. Coroner Dr. William Bogart refused to allow relatives to view the remains.

### "RECORD OF LEADERSHIP"

Dr. Wentz said "the collective record of the seminary's men and women compels our admiration and fills us with gratitude. It is a splendid register of constructive achievement and spiritual influence, a record of commanding leadership through a long period in the life of the American Lutheran Church, of preachers, teachers and pastors, of missionaries, home and foreign, of authors, editors, administrators and executives. The toil and sacrifice, the loving service and blessed ministries of these men and women who consecrated their lives to Jesus Christ and His church, these pages can only feebly indicate."

The Rev. Dr. Donald R. Heiges, an alumnus and the new president of the seminary, was the luncheon speaker. Most of his remarks were devoted to a review of matters which were before the seminary's board of directors at their annual meeting on Tuesday.

### ELECT TWO OFFICERS

Dr. Wentz was given a standing ovation at Thursday's alumni luncheon in recognition of his work in compiling and editing the new seminary record. Mrs. Wentz assisted with the proof reading, the alumni were told.

The Rev. Arthur Yeagy, Harrisburg, presided over the luncheon and a business meeting at which the Rev. Theodore Schlack, Devon, Pa., was elected secretary and the Rev. Paul Luebke, Zionsville, Pa., was chosen as the treasurer. Other officers continue for another year. About 150 attended.

## BULLETIN

WASHINGTON (AP)—Harry S. Truman got a thunderous welcome back to the Senate on his 80th birthday today and was overcome with emotion he could not make a speech.

The former President helped make history, however, by the few remarks he did make. He became the first ex-President to address the Senate during an official session in the chamber, under a rules change adopted last year.

occupation, \$5 per capita under Section 679 and \$8 under Section 481; Fairfield borough, 45 mills on real estate, 10 per cent occupation and \$5 each per capita.

The budget, which is \$31,731 higher than last year, lists an estimated \$25,000 surplus from the three districts entering the merger, but Harold R. Blair, supervising principal, was unable to give an exact breakdown from each district. The surplus will be used as operating capital for July and August this year.

### \$600 TOTAL INCREASE

The salary adjustment for teachers not covered under the state mandate was accomplished after a number of meetings between the personnel committee and a teachers' committee named by Gary Bechtel, president of the local teachers' association. The new salary scale provides \$300 over the state mandate of \$300 for teachers who have not reached their maximum salary. New teachers will not be affected by the adjustment, Rev. Otto Kroeger, personnel chairman, explained to the board.

In adopting the salary increase the board also ruled on a 9½-month contract for all teachers. Kroeger's motion also included a recommendation that "the personnel and teacher committees continue to meet regularly to establish guidelines for teacher self-improvement and teacher actions and concerns." The board approved all three recommendations unanimously.

The decision to adjust teachers' salaries came after an executive session which lasted an hour and 10 minutes. More than a dozen spectators were asked to leave the room while the board discussed recommendations of the personnel committee.

### BUDGET LISTINGS

The new budget includes \$14,180 for administration expenses; \$203,445 for instruction, including \$161,600 for teachers' salaries, \$11,350 for principals' salaries, \$5,200 for librarian salary; \$3,675 for guidance counselor and \$2,000 for substitute teachers. Audio-visual materials include \$750 for educational TV and \$350 for films and \$1,500 for attending workshops and institutes.

Other categories in the budget are: Attendance services, \$3,075; health services, \$3,990; pupil transportation, \$23,046; plant operation, \$21,420; including \$9,300 for custodian salaries and \$1,200 for janitor supplies and \$9,900 for fuel, electricity, telephone and water; plant maintenance, \$1,950; fixed charges, \$15,760, which includes \$9,000 in retirement contributions and \$3,500 in social security; student body activities, \$210; capital outlay, \$5,265, and budgetary reserve, \$4,000.

The budget will be available for inspection for a minimum of 30 days.

### MRS. BISHOP RESIGNS

In other teacher matters the board hired H. Vernon Ferster, Lancaster businessman, who has had eight years teaching experience in science, mathematics, English, social studies and physical education at a salary of \$5,400, and accepted the resignation of Mrs. Betty J. Bishop, commercial teacher, who stated in her letter to the board that "the rewards" of teaching "are not worth the sacrifices" and that the "attitude of the students had changed" and she is "not able to motivate the students." She also said, "This should please the board, since they do not see fit to increase salaries and now can hire someone at the minimum salary." The resignation was accepted unanimously.

Roberts and Meck, Harrisburg, was awarded a \$1,888 contract for general and art supplies for the elementary and high school. The board also authorized the property committee to make arrangements to sell the old Odd Fellows Hall in Fairfield at public auction. The board voted at an earlier meeting to retain the adjoining building for emergency use.

## NEW OXFORD'S LIONS GIVE LIBRARY \$200

The New Oxford Lions Club, which has donated \$200 to the Adams County Public Library, is the first to respond to the library's appeal to organizations for help in buying furnishings for the enlarged library building.

That announcement was made at the May meeting of the library's board of directors Thursday evening at the main library on E. High St. Other service clubs have indicated a willingness to help but have not designated specific amounts, the board was told. Gifts and pledges to the library's building fund have totaled \$73,425 and more than \$48,000 of that amount has been paid.

### PLAN DEDICATION

The board reviewed plans for the library dedication Sunday afternoon, May 17, when Lt. Gov. Raymond P. Shafer will be the principal speaker. There will be remarks also by Dr. Harry F. Baugman, president emeritus of the Lutheran Theological Seminary, who headed the finance campaign for the new building. William P. Young, secretary of the state Department of Labor and Industry, has accepted an invitation to attend.

The report of the librarian, Mrs. Mary S. Wilson, showed that, despite interference with regular library operations because of the building program, circulation in April went up 1,000. The library had to close for one day during the month. The adult circulation was up 750 in the month, reports showed.

It was announced that the Garden Club of Gettysburg has agreed to be responsible for some new plantings about the library and for renewal of some of the landscaping done a year or more ago. They will be assisted by advice from a landscape architect from Penn State University.

### TO PLACE PLAQUE

The property committee was authorized to buy screens for the library and seven new fire extinguishers. The board said a plaque will be placed in a new section of the library listing donors of memorials and tributes as specific gifts.

The gift of a memorial book for Jean B. Hoover by Mr. and Mrs. Robert Horn was announced. Teachers of the county are being invited specially to inspect a collection of 600 new books for children and that will be on display at the library from May 8 through 13.

## Start Reducing Railroad Agreement Into Contract Language To End Old Fuss

By NEIL GILBRIDE

WASHINGTON (AP) — Railroad unions and management prepared today to start reducing into contract language the complex work rules agreement which President Johnson helped negotiate to avert the nationwide strike.

Federal mediators Theodore Kheel and Dr. George Taylor Thursday handed both sides a binding decision on disputed points in how to translate the April 22 general settlement into a contract.

There was no estimate on how long it might take the five train operating unions and railroad negotiators to write the contract but Kheel and Taylor ruled that the agreement would take effect as soon as ratified by the unions.

### 2-YEAR PACT

The mediators also said the agreement affecting wages and working conditions would remain in effect for two years. The duration of the settlement was a key point that had not been spelled out in the White House "agreement in principle."

And, the mediators said, employees tossed out of work as a result of job-reducing provisions of the agreement could take their choice of severance pay or retraining benefits, but not both.

On another major point, Kheel and Taylor ruled that they will set up "procedures for mediation to a conclusion" on the question of lengthening train runs before crews are relieved.

### UNRESOLVED POINT

This was the one major point unresolved in the White House settlement and Thursday's ruling in effect provides that Kheel and Taylor will dictate the final decision if the parties cannot agree.

Lengthening the train runs would permit the railroads to save money by maintaining fewer terminals. However, they would have to pay crews running across divisional lines the equivalent of wages for two crews because they have agreed not to change present basic mileage pay.

Maintaining the present general mileage pay basis of 100 miles was a key point in reaching the White House agreement after 13 days of emergency talks. The railroads had wanted to lengthen the train runs without increased pay.

### RETROACTIVE PAY

In deciding that the agreement will become effective after union ratification, the mediator provided that "inequity" pay increases for yard workers will be retroactive to May 7.

The pay increases were designed to bring the wages of yard workers, paid by the hour, more in line with road crews

## Emmitsburg TOWN COUNCIL REORGANIZES

The Emmitsburg town council reorganized at its monthly town meeting on Monday. Dr. J. W. Houser was elected as the new chairman of the board of town commissioners.

Dr. Houser, a retired Emmitsburg druggist whose term did not expire this year, also kept his previous title as the Emmitsburg town treasurer in addition to being named board chairman to replace retired Commissioner John S. Hollinger.

Mayor Ralph F. Ireland, re-elected for his second term of office last week, reappointed Mrs. Raymond Baker as the town clerk and Officer Wilmer E. Law as the only Emmitsburg town policeman. Mrs. Mary Deihl was also reappointed as the new town meter maid.

Commissioner J. Norman Flax remained the Emmitsburg utilities commissioner, in charge of the town's new and expanding water system. Frederick Attorney Edward D. Storm, who maintains a part-time office in Emmitsburg, was renamed as the town attorney.

The new Emmitsburg town council decided in its first legal action to retain the same town sewer tax and town tax rate for one more year at least, despite an increase in the town services.

### GIVEN DIVORCE

A divorce was granted in York County court April 27 to Dale S. Sites, Spring Grove R. 3, now of Fairfield R. 2, from Martha E. Sites, formerly of Fairfield and now of Gettysburg. The decree was granted on grounds of indignities.

### LICENSED TO WED

William H. Devilbiss and Barbara Ann Baker, Taneytown R. 2, have secured a marriage license in Westminster.

who earn more on the mileage pay basis.

Other rulings by the mediators involved highly technical applications of the agreement concerning which employees will get seven paid holidays a year, how overnight layover expenses will be figured, provisions for reducing manpower on self-propelled railroad equipment, and combining the work of some road and yard crews.

The mediators also said present pay differentials above existing daily wage rates will remain in effect.

## Park Service

(Continued From Page 1)

"As we see it, the chief way of getting information and answers to these visitors is through the employees of persons like yourself who are in direct public service: Stores, restaurants, motels and service stations. Your employees are on the firing line, trying to answer an endless flow of questions, all year long. Every such individual, whether waitress or clerk or gas station attendant, has the opportunity every day to do great service to the community by providing good and hospitable information to the strangers in town.

"If the foregoing is correct, the Park Service can be of help; we would like to try. We would like to offer at the Visitor Center a briefing session for any of your people you would care to send us, to pass along to them information on the battlefield. We think if we can have one hour of an individual's time for this, he or she will be better equipped to represent Gettysburg to the traveling public.

"We can schedule this hour to suit your convenience if enough interest is shown. If you would like to have employees of yours participate, would you note down the number of people who could attend and the day of week and time when attendance would be possible, and return to us in the envelope enclosed. We will let you know what we can work out. Tentatively, the first week of June seems the best time to try this.

"This idea has had good success in other communities close to National Parks. We believe that, with help from you and others, it will work for Gettysburg."

eration and restoration in Jesus Christ. He stressed that "we must overcome the separation of creation and redemption and see them as the one act of the Triune God."

In the evening, the Seminary Choir gave a concert in the chapel under the direction of Robert S. Clippinger. The program consisted of selections used on the spring tour made by the choir through Pennsylvania and adjacent states.

A second performance of T. S. Eliot's "The Cocktail Party" was then presented by students of the seminary. This was followed by a discussion and refreshments.

Seminary Week is an annual event for the Lutheran institution in Gettysburg. Guest lecturers are invited to speak on a subject of contemporary theological significance. This year's topic is "Theology and Drama." The lectures conclude at noon today.

sponsible for opening this ancient shrine to the public and encouraging its development as a site for pilgrimages.

Since that time continuous improvements have been undertaken at the site which has always been a hallowed spot for students at the college and the seminary. Stations of the Cross, a shrine of Our Lady of the Lake, a shrine of St. Francis of Assisi, a life-sized crucifixion tableau, a Blessed Elizabeth Ann Seton shrine and the restoration of the Corpus Christi Chapel with new stained glass windows now adorn the natural amphitheater setting on the mountain. A hard surface road leads to the grotto site. An 800 seat amphitheater was erected as were modern comfort facilities. Continuous landscaping, featuring numerous flowering shrubs, beautifies the scene.

At this site the 37 bishops and archbishops trained at Mt. St. Mary's College and Seminary, including the first American cardinal, John McCloskey, once worshiped. Many helped erect and care for the original grotto shrine.

### IS PAPAL COUNT

The donor of the memorial, Thomas W. Pangborn, president of the Pangborn Foundation, was recently named a papal count by His Holiness, Pope Paul VI. Mr. Pangborn has been honored by three popes, Pius XII, John XXIII and now Paul VI.

In 1949, Mr. Pangborn was appointed a Knight of Malta and, in 1951, a Knight Grand Cross of the Holy Sepulcher by Pope Pius. Pope John named him a knight of St. Gregory in 1958 and private chamberlain of sword and cape in 1960.

Among other activities, Mr. Pangborn serves as a trustee of Catholic University and on boards of Mt. St. Mary's College and Notre Dame University. He holds honorary degrees from these institutions as well as St. Mary's College, Winona, Minn., and Loyola College in Baltimore. He is also a member of the board of trustees of the University of Maryland.

His new office of papal count carries with it the title, "Your Excellency." His Excellency, Thomas W. Pangborn is presently the only papal count in the United States and thus far the only one designated by His Holiness, Pope Paul VI, according to the Most Rev. Egidio Vagnozzi, D.D., apostolic delegate to the United States.

### CARDINAL PLEASED

Amleto Cardinal Cicognani, the secretary of state to His Holiness Pope Paul VI, in learning of this project made the following comment in a letter to Rev. Fr. Hugh Phillips, the director of the National Shrine Grotto of Lourdes, "... you are building it on 'hallowed ground,' a site now rendered more precious because of Blessed Mother Seton's connection with it. . . . I shall pray that your efforts will soon be realized in this magnificent monument and that God will recompense Mr. Pangborn with his choicest graces and blessings. It is a source of much consolation to see these seemingly never-ending efforts to bring people closer to our Lord through devotion to His Mother."

"We saw the plane coming in low, flying in kind of a glide, with its left engine not turning at all," said David Silva, 21, who was washing his car when the airliner came in over his house.

### TERRIBLE ROAR

"The right engine was making a terrible roar, revving hard," Silva continued. "Then the plane vanished over the top of a little hill, and at that instant we heard this tremendous explosion, like a sonic boom."

Aboard were about a dozen persons who had taken advantage of an offer by Reno Casino to gamble all night in exchange for a refund of their plane fares.

At San Francisco airport, Dale Stopp wept. Years ago he lost both legs under a train. His mother, Clara Stopp, and his wife, Judy, had helped him back to an almost normal life. The two women were aboard the plane.

**Mrs. Spangler Expires Here**  
This Morning: Mrs. Mary Elta Spangler, 74, wife of Samuel G. Spangler, president of the Times and News Publishing company for many years, died at her home, 112 York street, this morning at 9:20 o'clock from a complication of diseases. She had been in ill health for some time.

Born in and a resident of Adams county all her life, Mrs. Spangler was a daughter of the late Alexander D. and Barbara Ann (Smith) Oyler. Since 1906 she resided at the late address and prior to that resided at 102 East Middle street. Mrs. Spangler was a member of Memorial Evangelical United Brethren church.

Surviving are her husband, to whom she was married on September 3, 1895; one son, Howard A. Harrisonburg, Va.; four grandsons; 10 great-grandchildren, and three brothers, J. Edwin Oyler, Harry J. Oyler and J. Price Oyler, all of Gettysburg.

David A. Oyler, whose mother expired when he was a baby, was raised by and resided with the Spanglers until his marriage. Funeral services Tuesday afternoon at 2 o'clock from the Bender funeral home conducted by her pastor, the Rev. Harold Y. March, and the Rev. Dr. Ralph R. Gresh, pastor of St. James Lutheran church. Interment in Evergreen cemetery.

**Dugan's New Funeral Home**  
Opens For Inspection Today And Friday; Modern Structure: The new Dugan funeral home on South Main street in Bendersville will be open for public inspection today and Friday. Just completed, and entirely new throughout, the attractive brick dwelling-type home combines modern facilities and appointments with quiet dignity and discreet, sympathetic service now an integral part of modern funeral arrangements.

Maurice E. Dugan himself drew the floor plans for his new funeral home, from experience gained over many years in the business of giving the best service possible at the time of bereavement. Externally, a lawn surrounds the brick building except on the north side, where the land has been graded and a parking lot 50 by 75 feet laid out.

Mr. Dugan and his family occupy the portion of the new building to the south side. The architect was I. H. Myers of Hanover.

**Attend Graduation Of Local Nurse:** Mr. and Mrs. Frank J. Slonaker, Breckenridge street, and daughters, Nancy and Teresa, were in Baltimore Tuesday for the graduation of another daughter, Miss Joan Slonaker, from the School of Nursing of Mercy hospital, Baltimore.

Joint graduation exercises were held in the Lyric theater for the graduating classes of Mercy, St. Agnes and St. Joseph's hospitals. The Rt. Rev. Lawrence J. Shean, auxiliary bishop of Baltimore, presented the diplomas and gave the principal address.

While in Baltimore, Mr. and Mrs. Slonaker were guests of the parents and grandmother of Miss Betty Miller, one of Miss Slonaker's classmates. Miss Patricia Cole, East Stevens street, was also a guest of Miss Slonaker at the exercises.

## Today's Talk

### THE JOURNALIST

I can understand the enthusiasm with which writers for newspapers enter into their work. They are dealing with news, which is in the mind of us all. We all want to know what is going on, what moves are being made in the world, down to our own town and community, and to learn what people everywhere are thinking about.

Contact with people is the most thrilling of all contacts. The newspaper man is alive and has to keep his mind keen and alert. He is dealing with the greatest force in life — influencing thought. In a large sense he is a builder — of ideas, of opinion, and is helping in many ways to do something that will make this a better world for all.

The newspaper has gone through many changes — some have been very radical changes — but I do not believe that the newspaper will ever lose its power as an agency of information, nor its position as a leader in its locality for the better good of its community. Despite TV and radio, people will always want to read the printed page, at a time when they are most relaxed, and at a time when they give their best thoughts to its interpretation of both the news and its editorial expression.

Among our greatest leaders have been those whose training, at some time or other, was in a newspaper office, where they came into intimate contact with the thinking of the masses. Many of them have become legislators, and governors of states, and one of them became a President of the United States. It would take a big book to hold the names of all those who have become famous writers who were formerly newspaper men. Their number is legion. One of America's greatest poets was once a newspaper editor — William Cullen Bryant, and any number of them have become magazine editors and publicists. The training that a young man, or woman, gets on a newspaper is invaluable, no matter what his or her later objective may be. Great is the power of the press, and its possibility for good!

## Some Railroad Firemen Strike

WASHINGTON (AP) — Some railroad firemen struck Thursday but a union spokesman said the walkouts were unauthorized. "We are trying to get them to go back to work," said a spokesman for H. E. Gilbert, president of the AFL-CIO Brotherhood of Locomotive Firemen and Enginemen.

Gilbert said Wednesday that he would authorize no strike as long as prevented by a court order issued Tuesday.

J. E. Wolfe, chief negotiator for the railroads, said the railroads are looking into the situation and "will take decisive action immediately to see that the law, the court decisions, and Judge Alexander Holtzoff's restraining order are complied with."

## Just Folks

### GOOD AND EVIL

I find it difficult to say  
That all of life is good;  
The best and worst of every day  
Is little understood.  
For that delight o'er which we smile  
And strive so hard to keep  
Shall in a very little while  
As surely make us weep.

Perhaps the pain which burns us now  
Tomorrow's joy may bring,  
Yet who would call the throbbing brow  
A necessary thing?

And who is bold enough to say  
To scatter hurt we should,  
Because the future has a way  
Of making evil good?

'Tis only certain that we go  
Along the path of years  
To joys that we shall smile to know,  
To pain, and care and tears;

## M'Namara Going Back To Saigon

WASHINGTON (AP) — Robert S. McNamara, secretary of defense, who has become something of a general trouble shooter for President Johnson in South Viet Nam's vexing problems, sets out again tonight on a world-girdling trip back to Saigon. Johnson told a news conference Wednesday he had asked McNamara to go to South Viet Nam to take a new look at the situation there.

At the Pentagon, McNamara's aides said that the new trip, coming only two months after his previous trip, did not mean that any new, critical emergency had arisen.

And this is all that we can say  
About life's changing stage,  
There is a boon for every day,  
A bliss for every age.

# U.S. Mother Of Year Is Bundle Of Energy At 63

By PIERCE LEHMBECK  
NEW YORK (AP)—Mrs. Cora Hjertaas Stavig, America's Mother of the Year for 1964, is a gracious bundle of energy who found love in her parents' home and took it with her into her own.

"There was a happiness there, a spiritual richness that kept the family a close one," she said. "It has continued in my home."

Mrs. Stavig, who at 63 still loves to ice skate, believes her home life as a child laid the foundation for her selection Wednesday as Mother of the Year. She was named by the American Mothers Committee from among nominees from the 50 states, the District of Columbia and Puerto Rico.

## MOTHER OF 4

She is the wife of Dr. Lawrence Stavig, president of Augustana College, a Lutheran school in Sioux Falls, S.D. She has raised four sons, and in the words of the citation:

"Foreign students from Hong Kong to Sierre Leone attend Augustana College and Mrs. Stavig becomes the foster mother of each of these."

Mrs. Stavig was born in Mayville, N.D., and met her husband while they were students at St. Olaf College in Northfield, Minn. Soon they will celebrate their 40th wedding anniversary.

## IS LECTURER TOO

While her husband goes about his college duties, Mrs. Stavig busies herself entertaining visiting lecturers, faculty and students.

She lectures occasionally, and also serves as a marriage counselor.

The advice she gives most often to young married couples "is that its very, very important to have the right sense of values."

## BELIEVES IN DISCIPLINE

"What used to be black or white has now turned for so many people into a shade of grey," she said. "This is true even on the very high levels of our society."

Mrs. Stavig believes in discipline, a "firm but fair discipline," and recalls that she was a "sparing but effective spanker" when her sons were young.

Her sons are Dr. Paul Stavig,

an Air Force lieutenant colonel and hospital commander at Otis Air Force Base, Mass.; Dr. Richard Stavig, professor of English at Kalamazoo (Mich.) College; David Stavig, an industrial engineer of Sioux Falls, and Dr. Mark Stavig, now doing post-doctoral research at Harvard. All are married.

# HIGH POST FOR NEGRO WOMAN

WASHINGTON (AP)—President has promoted Charlotte Moton Hubbard to what was described today as the highest ranking permanent federal post to be held by a Negro woman.

Johnson announced the appointment of Mrs. Hubbard as a deputy assistant secretary of state for public affairs Wednesday, noting that her father—Dr. Robert R. Moton—had been a successor to Booker T. Washington as president of Tuskegee Institute.

Speaking at a news conference, Johnson added that Mrs. Hubbard has built "a distinguished reputation in civic affairs, education and government."

Born at Hampton, Va., 51 years ago, Mrs. Hubbard devoted nearly three decades to educational and public relations work before joining the State Department last year to help handle the department's relations with communities around the country.

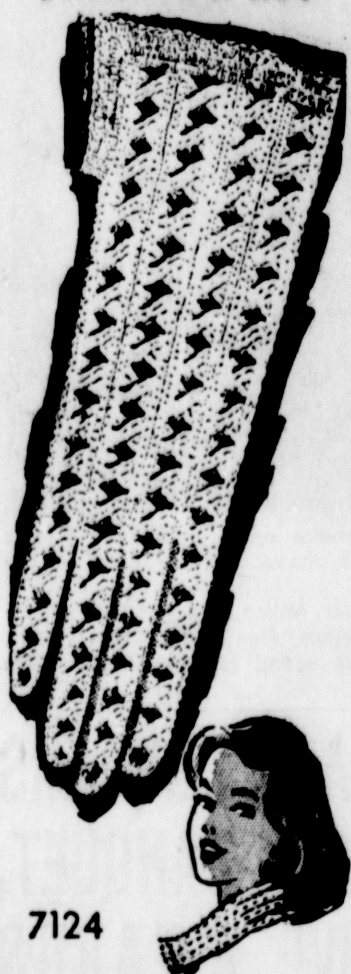

Mrs. Hubbard's formal schooling included home economics at Tuskegee Institute and graduate work in education and physical education at Boston University and Bennington College, Vt. She married Maceo W. Hubbard in 1945. He is a Justice Department lawyer. They have no children.

EVANSVILLE, Ind. (AP)—President Johnson has been unjustly criticized for giving his two pet Beagles "affectionate ear tugs," says the president of the Vanderburgh County Humane Society.

The society has sent Johnson a life membership.

"I've seen men pinch their wives, and I think the women enjoy it," said Dorothy Lutz, who heads the society. "If the dogs get used to a few tugs, chances are they like it too."

Gen. Markle during his career received the Legion of Merit of Pennsylvania and a Distinguished Service Medal with oak leaf cluster.

HARRISBURG (AP)—Gov. Scranton defended his administration's new publication "Date-line: Harrisburg" in the wake of a legislative investigation into the state's entire public information program.

"I feel it is a much more useful publication than the one it replaced," Scranton said at his weekly news conference, referring to the old "Capitol News," published by the Democratic Law Enforcement administration.

who had recently been fired. The psychiatrist told the jury that Kress had thrice attempted suicide over a period of years.

District Attorney Gerald Walmer this morning in his argument to the jury said: "I am not going to demand the death penalty." But, Walmer added: "I call your attention to the cold blooded callousness of this man. He cold-bloodedly drank the beer of the man whom he had just killed while that man was lying dead only a few feet from him."

## "NO REMORSE"

"This man has never at any time in any way shown any remorse for what he did to his victim," the district attorney said.

Attorney Oscar F. Spicer, court-appointed to represent Kress, stressed in his argument that Kress had only an Eighth Grade education, that he was psychologically unstable, that his wife and son, Clarence, had testified that he had always been a good husband and father. Spicer also stressed Kress' war record of four years service, much of it in combat, holding that when a citizen has given so much for the defense of his country "he has a right to call on the state to return a favor."

In the arguments Thursday afternoon, Attorney Spicer had stressed the direction in which the pellets from the 12-gauge shotgun went after piercing Hagarman's chest, arguing that would indicate that Hagarman had turned and this would support Kress' contention that Hagarman probably grabbed the barrel of the shotgun before it fired.

## PRAISES ATTORNEYS

The court praised both District Attorney Walmer and Attorney Spicer for their conduct of the case and especially commended Attorney Spicer "on the job he did with very little to work with." He then added: "Mr. Kress, you have much to thank Mr. Spicer for."

Five of the jurors empaneled were from the regular list drawn for the current term of court. The nine others were from those selected after the original list was exhausted. The court asked the five if they wished to continue with trials next week or wished to be excused. Only James E. Moore, Lincoln Square, retired, said he wished to continue with jury duty.

## \$1,000 Damage, No One Is Injured

Damage totaled \$1,000 but none of the nine persons in the two cars involved was hurt, when the vehicles collided at 9:30 Thursday night nine miles north of here on the Harrisburg Rd.

The Heidlersburg accident occurred, state police said, in this fashion: William Shimmel, 34, New Cumberland R. 1, driving north, swung his car briefly into the southbound lane when another northbound auto ahead of him slowed to make a right turn. Carolyn J. Buechner, 23, 225 Hanover St., headed south, saw the Shimmel car enter her lane and she turned her car to the right to avoid an accident. She then lost control of her vehicle and it skidded back across the road and its left front hit the left side of the Shimmel auto which by that time was back in its own lane. Damage was estimated at \$800 to the Shimmel car and \$200 to the other vehicle.

## Today In Washington

WASHINGTON (AP)—In the news from Washington: RED GUERRILLAS: Gen. Andrew P. O'Meara, whose military command includes the Caribbean area, has told a House committee the number of guerrillas being trained in Cuba, the Soviet Union and Red China is "large enough to be really alarming."

"The basic training is given in Cuba," he said. "To a lesser extent it is given in Russia and a few people are trained in China."

A heavily censored transcript of O'Meara's testimony April 14 before the House Foreign Affairs Committee was released Wednesday.

PRESS FREEDOM: Rep. John E. Moss, who heads the House subcommittee on government information, has taken issue with a State Department spokesman's criticism of the press' probing into foreign policy.

The California Democrat said in an interview Wednesday that "the nations foreign policy is endangered far more by lack of understanding than by eiplaxation by the press."

ECONOMIC ADVICE: Dr. Walter W. Heller, chairman of President's Council of Economic Advisers, says he is growing weary of discussing his own deficit financing.

The former professor noted wryly at an Advertising Council meeting Wednesday that there had been some unusual public reaction to an announcement he may be forced to leave government because he can't make ends meet on his \$20,500 salary. In his mail recently, Heller said, was a \$1 bill and an accompanying letter which began, "Dear Hollowhead."

The letter writer, Heller added, went on to explain he had heard Heller wanted to return to the Midwest and the buck was a contribution to speed him on his way.

Bill Bruton of the Detroit Tigers was the leading pinch-hitter in the American League in 1963 with six hits in 11 times at bat for a .545 average.

## Letter To The Editor

May 5, 1964

Mr. Paul L. Roy, Editor  
Gettysburg Times  
Gettysburg, Pa.

Dear Mr. Roy:

In the Tuesday edition of The Gettysburg Times, bold headlines reported the borough council held "a private meeting as a committee" and the area school board had gone twice into "executive session" before voting "unanimously" on a motion.

While these "closed committee meetings" and "executive sessions" are within the letter of the law, it would seem to be stretching a bit to consider the whole council a "committee."

Within each governing body there is much to be gained by off-the-record discussion and argument but when issues arise that are of public concern let our duly elected officials stand up and be counted. We cannot continue hiding behind closed doors and tabling our "hot potatoes" or referring them back to committee for further study. Issues must be faced, ordinances must be codified and community planning recommendations must be given consideration.

So let's quit passing the buck and tabling the issues!

Sincerely,

An Interested Citizen

## 3 Mount Groups Elect Officers

James J. Kuliesh, junior history major from Danbury, Conn., has been elected president of the student body at Mt. St. Mary's College, Emmitsburg. Richard V. O'Connor, also a junior history major from Wantagh, N. Y., has been elected vice president. The Capital Club of the Mount has selected Paul M. Betz, sophomore biology major from the district, as president.

Other officers of the group, composed of students from the geographic area of the nation's capital, are Albert E. Branson Jr., vice president, Washington, D. C.; Bruce C. Ellis, secretary, Kensington, Md.; Philip G. McCarty, treasurer, Silver Spring, and Harry R. Jordan, parliamentarian, Arlington, Va.

Bernard S. Kaliss, M.A., assistant professor of English at Mt. St. Mary's College, has announced the election of Philip H. Kelly, junior English major from Marion, Ohio, as president of the Alpha Rho chapter of Lambda Iota Tau, the international honor society for students of literature. C. Gordon Henderson, junior English major from Baltimore, has been elected vice president.

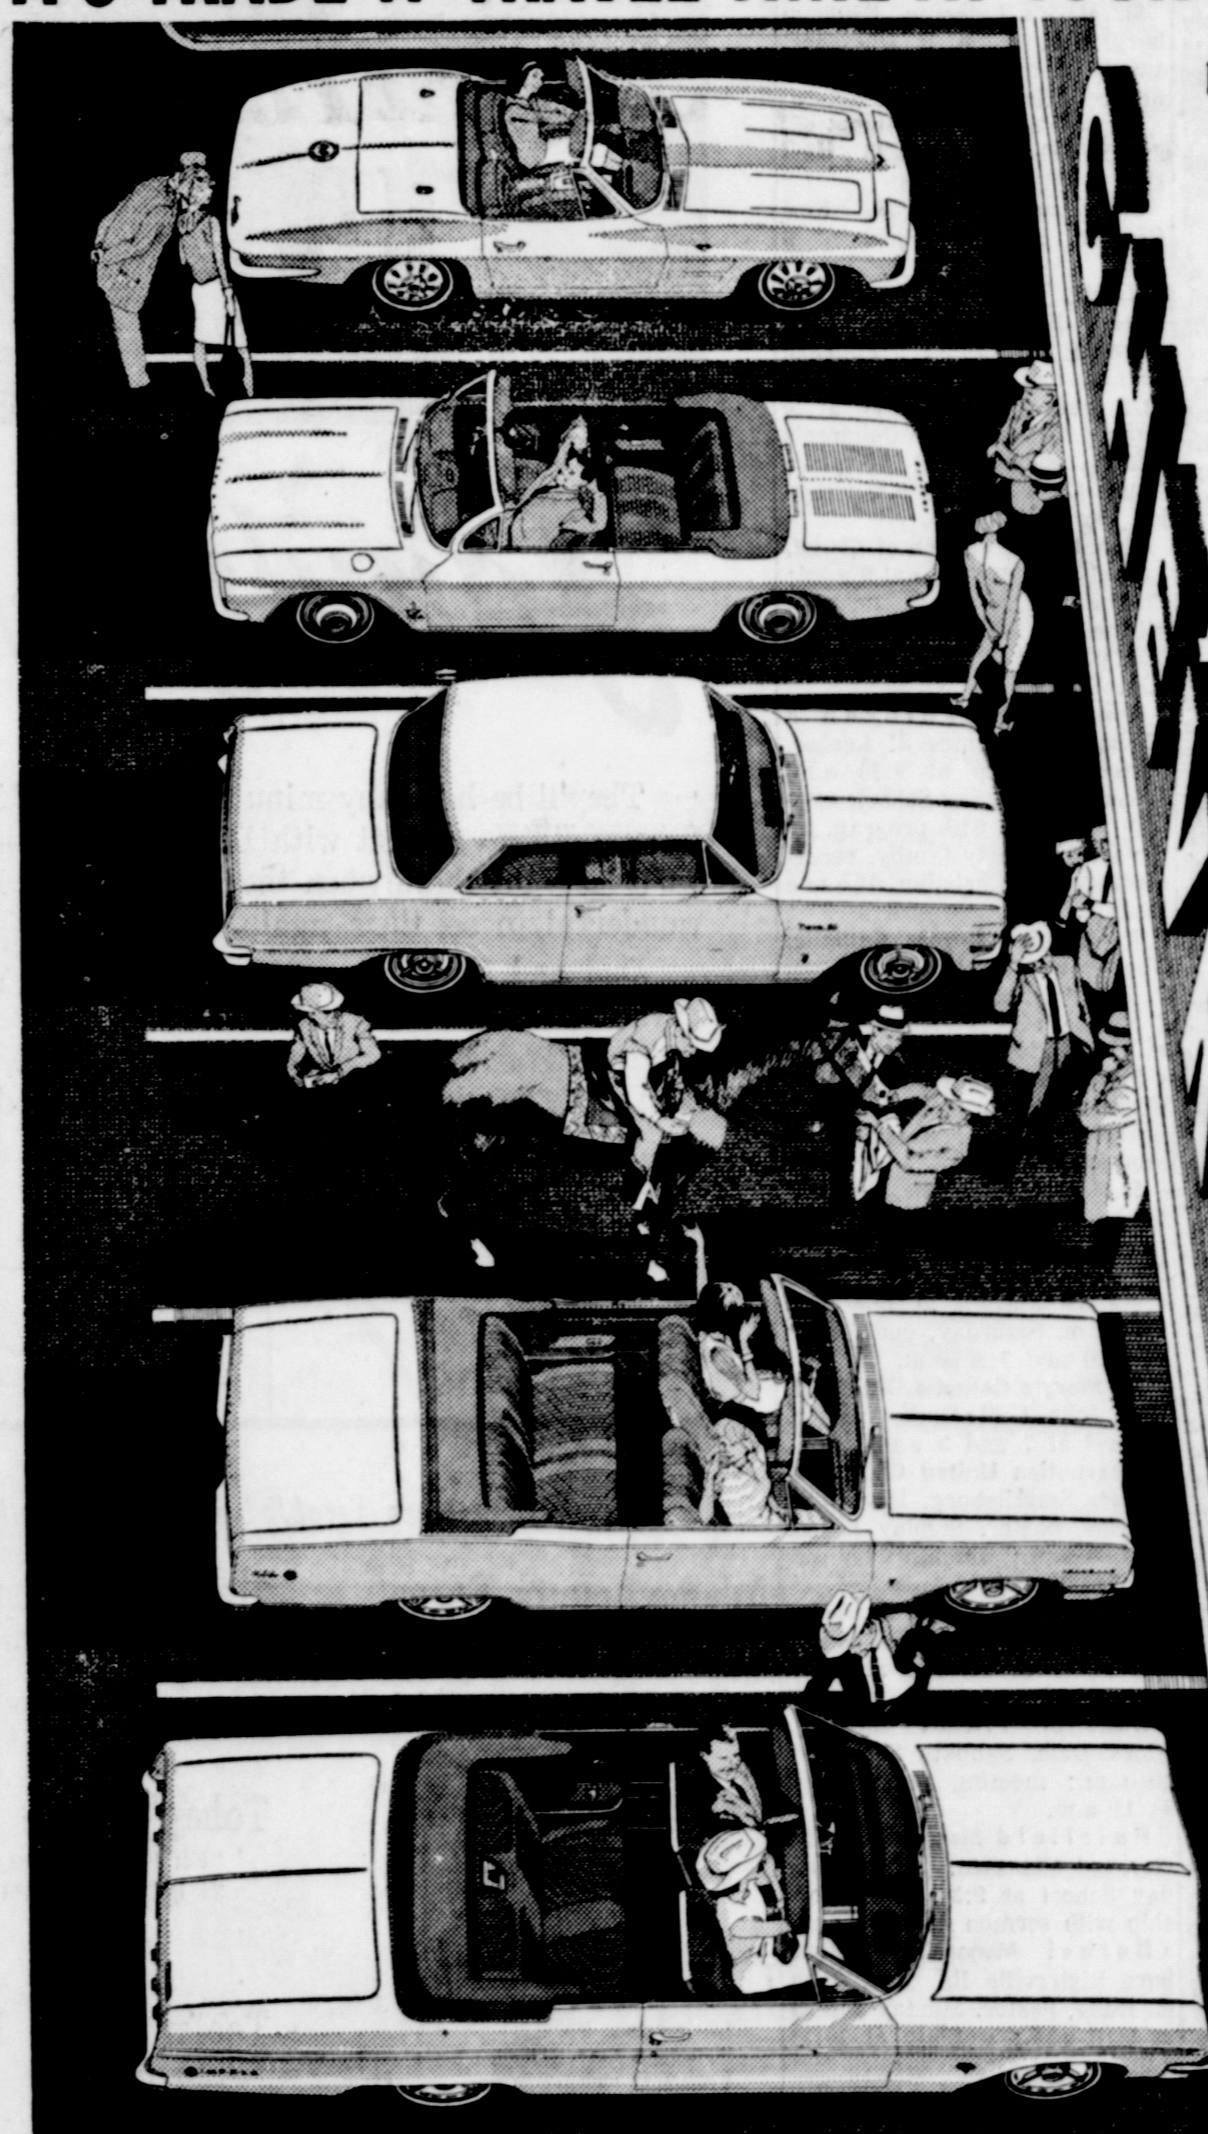

LONDON (AP)—Barbara Fell, 55, a British civil servant imprisoned for giving information to her Yugoslav lover, has been freed.

The Home Office said she was released from prison Wednesday. She went into seclusion, and her attorneys said she would make no statement.

Miss Fell was chief officer of the Central Information Office's overseas division. She was convicted of communicating confidential reports on the political situation in Yugoslavia to Smiljan Pacjak, a press counselor at the Yugoslav Embassy in London. At her trial she admitted being Pacjak's mistress, said she considered he was pro-Western and believed the reports on his country would make him more so.

Ben Schwartzwalder has been on the job longer than any longer than any other Syracuse University football coach. He'll start his 16th season next fall.

## IT'S TRADE 'N' TRAVEL TIME AT YOUR CHEVROLET DEALER'S

## Five different lines of cars—forty-five different models to choose from. Come early and trade great!

Now that spring's in full swing, you'll find new Chevrolets perfect for picking.

**Luxury**—First, there's the big Jet-smooth Chevrolet. Sumptuous and soft riding with a fat coil spring at all four wheels to smother bumps. Over 700 sound stoppers throughout the car to blot out wind and road noise. Interiors luxuriously done up in the newest and softest vinyls.

Trade what you're driving for one of these, and you won't want to trade seats with anybody else on the road.

**Spirit**—Next, Chevelle. The beautifully in-between size car that combines small car handling oomph with big car comfort. Order to your liking in sedan, coupe, station wagon and convertible body styles. Eleven different models that you can equip with just about any extra-cost option you can imagine. No place to go this summer? Get a new Chevelle—you'll think of something.

**Economy**—Chevy II—the car that takes to inexpensive vacations naturally. It just goes and goes, and where it stops nobody knows. But for all its thrift, it's anything but under-furnished. Did you know that the Super Sport Coupe has bucket seats and door-to-door carpeting? Eight models to pick from, including wagons with room to swallow up an eight-foot Christmas tree. (Plan ahead, we always say.)

**Fun**—Then there's Corvair. The fun one with the engine in the rear for unbelievable traction. Spring mud, summer sand, winter snow—nothing stops it. You'll even think they're now paving highways with adhesive tape the way Corvairs cling to them.

**Corvette**. The enthusiast's car. Sting Ray Sport Coupe and Convertible. Still America's only true sports cars. Pick either one and you'll find it does for your driving what holidays do for kids.

**Performance**—And with any new Chevrolet you choose, you can get the standard engine for all the power you need in everyday come-and-go driving. Or you can pick from a wide, wide range of extra-cost engines for maximum performance.

Either way, whether you've got some place special to go this summer or not, when you trade for one of Chevrolet's five great highway performers—you'll travel!

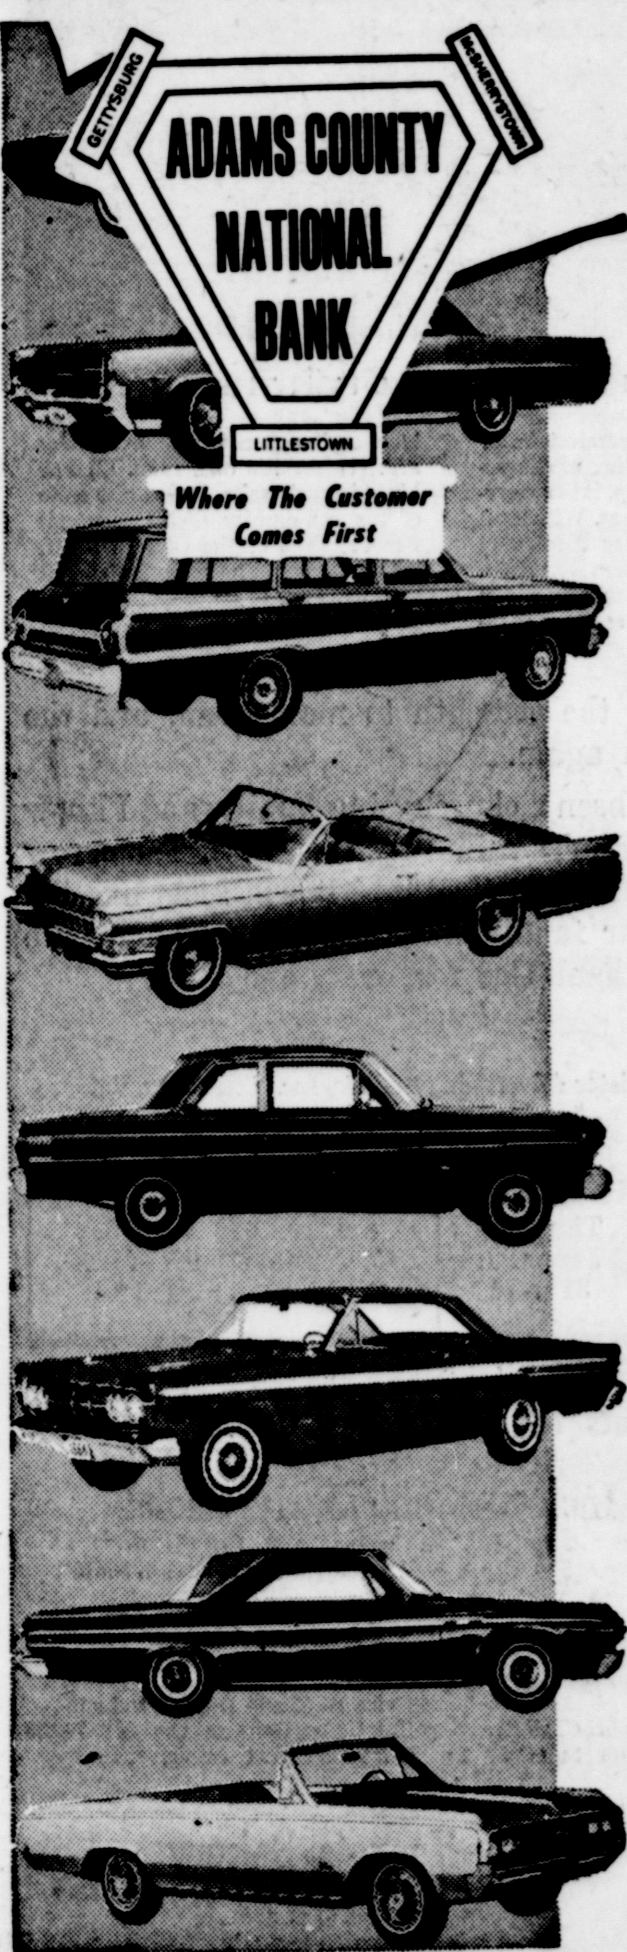

THE GREAT HIGHWAY PERFORMERS—Models shown top to bottom: Corvette Sting Ray, Corvair Monza Spyder, Chevy II Nova Super Sport Coupe, Chevelle Malibu Super Sport, Chevrolet Impala Super Sport.

## Sermon For The Week

REV. LOUIS W. EDGER

Hoffman Home For Children

"Clap your hands, all ye nations! Shout to God with loud songs of joy!"

(Psalm 47:1)

The triumphant shouts of "Hosanna in the highest!" and the joyous cries of "Alleluia" have

subsidized considerably since the passing of the Christian's celebration of Easter. The vibrant

and penetrating sounds of gleeful hearts have diminished greatly. Even the overtones of this meaningful event have recoiled into complacent and passive expressions of spiritual normalcy. Many Christians have drifted back into the "old routine" of accepted religious practices and lack much of the reverent exultations which accompanied the "good news" of Easter.

Many of us are prone to lessen our deep need of communication with God, our commitment to Christ and our reliance upon the Holy Spirit just as soon as certain significant church festivals come to a close. This should not be the case with those who have

chosen to follow Jesus Christ. We servants of Christ must remind ourselves daily that all of the motivating and inspirational sounds which are produced in every Christian season are not merely voiced because of our duty to God, but rather because of our love for God and of our need and thanksgiving for His divine grace. All of us must begin and end each day with sincere notes of joy, praise, glory and honor to God who is constant in His love to us. We dare not be seasonal in our response to Him. It is the psalmist who encourages us to "clap our hands" and "shout to God our songs of joy." Why? Because along with the belief of the psalmist, and

because of our faith in Jesus Christ, we too confess that God is the Lord over all things. It is through God that we are provided all of the necessities of this life and the opportunity for life everlasting.

As Christians, we cannot keep silent the love of God and the "good news" of Christ. We are compelled therefore to really sing out from the depth of our hearts the very same message which has engulfed our lives and molded them into living witnesses of God's love. This "singing out" must be exhibited and exemplified by all Christians at all times and in all places.

Sounds difficult? It is! But with God all things are possible.

## Family Visit

They'll be here any minute! As soon as I finish the flowers I'll go and sit with Dad on the front porch, so we'll be right there when they all drive in. It'll be just wonderful to see them again.

Dad and I were saying last night that we couldn't have been blessed with better children or lovelier grandchildren. We've been so fortunate. Of course, there have been some tragic and terrible times, but God has never

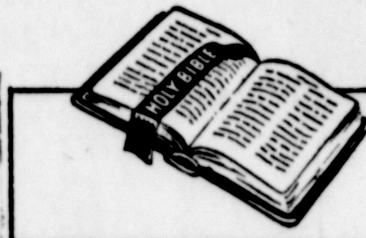

### THE CHURCH FOR ALL • ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

failed to give us the strength to meet them, and the courage to go on again.

We've always been a churchgoing family, and I know the children never miss a Sunday even now. Tomorrow we'll all go to church together, and it will seem like the old days when our family was still here at home. We have so much to thank God for, every one of us.

## White Professors At Duke Explain Their Actions In Behalf Of Southern Negro

By JAMES CLOFFELTER  
Of The Durham (N.C.) Herald

CHAPEL HILL, N.C. (AP)—Why have white professors and students in this university risked jobs and social ostracism to demonstrate and go to jail for Negroes?

"It is not enough for the Christian to say there must be justice," says a Duke University professor of religion. "An act of some sort is necessary to give some substance to your words."

The professor, Dr. Robert T. Osborn, 37, who has a wife and three children, was convicted of trespass for joining Negroes in a sit-in at a Chapel Hill restaurant. He was given 90 days on the roads in March and is appealing the sentence.

**WORD IN ACTION**  
Osborn is one of four white men who told in separate interviews why they made the transition from "over coffee liberals" who talk about equal rights to activists who try to do something about them.

He said he had found the Christian Church in the South usually unable "to change the moral climate" — and universities "generally ineffective in influencing the basic beliefs of students."

Osborn, an ordained Methodist minister, said years as a mere talker "have confirmed for me a basic theological insight: The Word is never effective until it becomes flesh, becomes action."

**FUNDAMENTAL BACKGROUND**  
Another white man who joined Negroes in efforts to complete desegregation of Chapel Hill is William H. Wynn, 35. An assistant professor of psychology at the University of North Carolina, he also is appealing a 90-day sentence for the same sit-in.

Wynn is married and has a year-old daughter. "I felt called upon to do something," he explained in describing his participation in a sit-in.

Wynn said his views on race stem from his "fundamentalist religious background — the Church of Christ, which taught that men should do what they can to establish justice on earth. The individual is called upon to question and to search for justice."

John Dunne, 21, and Pat Cusick, 32, are two white activists who quit the University of North Carolina last year. Both are now serving 12-month prison terms. They pleaded no contest to charges of resisting arrest, trespass, and street blocking during February demonstrations. They were sentenced by a Superior Court judge on April 24.

**DROPPED FROM SCHOOL**  
Dunne and Cusick recently

participated in a week-long fast protesting refusal of city fathers to adopt a free public accommodations ordinance.

"I had the feeling that I was not free; that I could not face a Negro without him seeing white instead of seeing me," Dunne said.

Dunne, a native of Cleveland, Ohio, and a graduate of Choate prep school, won a full tuition scholarship to the University of North Carolina. He dropped from the university as a senior to work with the Chapel Hill Freedom Committee and led mass demonstrations which resulted in the arrest of more than 200 persons.

**ALABAMA NATIVE**

Dunne said the moral dilemma of trying to decide on the racial issue is similar to a man drowning. "If a man is drowning and you have a chance of saving him and you don't, then you may not be found guilty in court, but you are morally guilty of killing him."

"Segregation is morally evil," Cusick said. "If a person cooperates with evil, it is an immoral act."

Cusick was born and raised in Gadsden, Ala. He said his grandfather is reputed to have founded the Ku Klux Klan in Etowah County, Ala., after the Civil War.

**PRISON SEGREGATED**

As a teen-ager, he attended a Catholic boarding school in Alabama which taught him that segregation was morally wrong. Then he "led arguments against the faculty in trying to prove it was morally right."

In December, while serving a 30-day sentence growing out of a demonstration, Cusick fasted two weeks when he was placed in a segregated prison camp. "I, as a person," he said, "can not cooperate with segregation in any way, whether it be in Chapel Hill or in a white prison camp."

## Mark Penna. Day

At New York Fair

Pennsylvania Day will be celebrated today at Top of the Fair, New York World's Fair, with Lt. Gov. Raymond P. Shafer as guest of honor. The program will emphasize fashions created and made in Pennsylvania in a presentation by Hess's Department Store of Allentown.

Miss Kitty Carlisle, theater, opera and TV star and a former resident of Pennsylvania's Bucks County, will be mistress of ceremonies.

George Hyam, a resident of Pennsylvania, Pa., and president of Top of the Fair, will receive a special scroll from Lt. Gov. Shafer commending his work on the state's behalf.

The fashion show will mark the debut of another Pennsylvanian, Miss Melitta Brunner, Narberth, as a fashion designer. Miss Brunner, an Olympic ice skating medal winner, is now instructor at the Ardmore Skating Club, on Philadelphia's Main Line, the oldest skating club in America. She will exhibit her custom designed lounge wear, after-ski clothes, at home and active sportswear.

## LITTLE CHANCE OF GOP DRAFT IS FORESEEN

By DAVE LEHERR

Associated Press Writer

HARRISBURG (AP) — Gov. Scranton says he would consent to be the running mate of any one of the Republican presidential contenders, but only if drafted by the people.

"As I have said many times before, if there is a real draft for either the presidency or vice presidency, I would have great difficulty turning it down, but I don't expect it to happen," Scranton declared Wednesday at his weekly news conference.

**DENIES GOLDWATER REPORT**

At the same time he said there was no truth to a report that he has been asked by Arizona Sen. Barry Goldwater to be his running mate if Goldwater wins the Republican nomination in July.

When told of the report published in a syndicated column, Scranton replied: "It's news to me."

The report was carried in the New York Herald Tribune. Presidential politics dominated the 30-minute meeting with newsmen. The governor said any Republican candidate with "a strong, well-organized campaign" should do well both in Pennsylvania and the nation.

"Political views would have certain importance, of course, but until you get into the actual campaign, I think people pay little attention," he added. Scranton also disagreed with the contention that Goldwater's reported views on civil rights might cost him votes in Pennsylvania.

**CITES NEGRO VOTE**  
"I haven't made a survey of Negro voters, but I feel a proportion of them would vote for him," Scranton said.

The governor refused to be pinned down on his personal choice for the nomination.

"In the event that sometime I believe one person would make the best candidate I would be glad to say so and work for him," Scranton stated.

"But I would only be interested in a help-someone movement, not as a stop movement for somebody else."

Scranton said he expects to be elected chairman of the Pennsylvania delegation to the GOP convention at its organization meeting May 22 in Philadelphia.

All but two of the delegates are expected to back him in the role of favorite son candidate. The other two are pledged to Goldwater.

**OTHER PROJECTS**

Other news conference developments: Education—The governor announced the appointment of Dr. George W. Hoffman as acting superintendent of public instruction until a six-man committee finds a successor to Dr. Charles H. Boehm, who resigned. Hoffman is a special deputy superintendent of public instruction.

Police Investigation — Scranton said he has not received a full report from state police investigating reports of alleged police brutality in the handling of the Chester racial situation two weeks ago.

Austerity — Scranton said he asked his cabinet officers to re-

## A Lovelier You

By MARY SUE MILLER

KEEP IT UNDER YOUR HAT

Tinted hair must be shielded from the summer sun. Except for sunbaths, the skin should be protected. And the most beguiling way is with a sunshade of a hat.

From fashion's viewpoint, the big, handsome hat is "in." It is the perfect topper and stopper for summer dresses and suits, all soft motion and adroitness with feminine touches.

So, it's a pretty safe bet that a woman with a way about her will be wearing a whopper of a topper on sunny days, in and out of town.

view the state's personnel situation to determine whether all of the approximately 80,000 state jobs are necessary and whether the workers are fulfilling their duties.

It will be all line, adorned only with a band or bow. The brim may be squared or scooped, rolled at both sides or flipped only on one, dipped in front and turned up in back; it may slant steeply down all around or level off like a cartwheel.

The crown will sit lightly on the head, sized to it and the hair. Most likely, the fabric will be a "weightless" straw—very smooth, very rough or open-work cane. Among the smooth straws, the Panama is news again and much in demand.

What color will this paragon of chapeaux be? Snowy and creamy whites are favored, with strong pastels, golden taupes and glossy blacks coming on. In toto, the look of the big hat reflects glamor, coquetry or chic. Whatever your message, there's a hat to telegraph it.

You are not lost to youthful beauty because of dark circles, puffiness, or wrinkles around the eyes. These problems can be brought under control by proper skin care, cosmetic applications, health habits and facial expressions. Methods are detailed in my leaflet, THE EYES OF YOUTH. ## BOYER CLAIMS PROGRESS IN RACIAL ISSUE

BOILING SPRINGS, Pa. (AP)

—Harry Boyer, chairman of the Pennsylvania Human Relations Commission, says "better understanding" exists today between education and civil rights leaders in Chester, scene of recent racial strife.

"The public hearings conducted by the commission are clearing the air in such a fashion as to delineate what the alleged complaints really are," Boyer said Thursday.

Boyer, president of the Pennsylvania AFL-CIO spoke with newsmen at the opening of a three day seminar on human relations education, attended by some 100 state school administrators.

**REPORTS PROGRESS**

Violence erupted in Chester several weeks ago in a dispute stemming from Negro charges of de facto segregation in schools.

"Already there is a better understanding of the magnitude of the problem and the need for urgent and orderly resolving of the question," Boyer said.

"We will continue hearings as long as necessary to ascertain all the facts and receive testimony from anyone that can prevent factual evidence."

The hearings, called by the commission after Gov. Scranton assigned it to mediate the dispute, are in recess until May 14.

Human relations experts serving as members of the seminar faculty looked to education as the one solution to the racial tensions plaguing the nation, including Pennsylvania.

"Unless we learn to live together, we're through," said Max Birnbaum, education consultant for the American Jewish Committee's Institute of Human Relations.

Dr. Kenneth D. Benne, director of the Human Relations Center at Boston University, said educators should find ways of building community understanding and support in the struggle for civil rights.

"Awareness of self is the first step in dealing with human relations," noted another expert, Dr. J. Alford Cannon, associate director of the Division of Social and Community Psychiatry at UCLA.

All agreed that the recent racial unrest in Chester "should be a warning to all to get ready for what still may be coming unless the people are educated."

In a message in the seminar's program, Gov. Scranton called the matter of human relations "the first and foremost problem affecting the world today."

## Big Gateway Arch Started In City

ST. LOUIS (AP) — The 630-foot Gateway Arch now is being built here.

The huge arch, which will rise as tall as a 62-story building, will dominate a new 90-acre park commemorating the westward expansion of our country following the Louisiana Purchase. When completed in 1965, it will stand 85 feet taller than the Washington Monument, making the stainless steel-sheathed arch the nation's tallest monument.

A special observation platform gives an excellent view of building activities and recorded messages describe the project and the work taking place.

## SEIZE VEHICLE AND ITS CREW

By PETER ARNETT  
SAIGON, South Viet Nam (AP) — A Cambodian tank knocked out a Vietnamese armored personnel carrier on the border today and captured the vehicle and its crew.

Military sources said at least 10 other Vietnamese vehicles were poised on the frontier, ready to move in and retake the personnel carrier if ordered to do so. It appeared doubtful, however, that the order would be given.

Cambodia charged that 13 South Vietnamese armored vehicles crossed its border Thursday and attacked the village of Taey, in southeastern Cambodia two miles inside the frontier.

Military authorities in Phnom Penh, capital of Cambodia, said a rural guard and five villagers were killed at Taey.

No Americans were involved in the new border incident.

Informants said the Cambodian tank apparently was lying in wait and opened up on the Vietnamese armored car with a salvo.

The tank then quickly moved up to the stricken vehicle, the sources said, and Cambodian soldiers surrounded it. Vietnamese at the scene did not report seeing any casualties.

## SECURITY IS TIGHTENED FOR "K" TOUR

By DAVID LANCASHIRE  
CAIRO (AP)—Maximum security precautions are being quietly tightened for the arrival of Premier Khrushchev Saturday, and special communication equipment has been installed to give the Soviet leader instant contact with Moscow.

Troops, police and plainclothes agents from Egyptian army intelligence have been assigned to guard Khrushchev. Reports said as many as 200 Soviet security agents will accompany the premier.

Special telephone lines to Moscow were reported being set up from Cairo and Aswan, 430 miles to the south, to Moscow.

#### GOING TO CAIRO

Khrushchev's route will take him from Alexandria, his port of landing, to Cairo, Port Said and other points.

As a further precaution two special planes have been sent from the Soviet Union to take Khrushchev around the United Arab Republic. Soviet sources said the premier would not fly aboard Egyptian planes—many of which were built by the Soviet Union.

Khrushchev's ship, the Armenia, will arrive for a festive welcome at Alexandria Saturday morning. With President Gamal Abdel Nasser, Khrushchev will immediately plunge into a busy schedule.

There will be a series of speeches and talks with Nasser, visits to factories, the pyramids and sphinx, and tours of the massive Soviet-financed Aswan High Dam project. But 13 afternoons have been kept free so Khrushchev can rest.

Next Thursday, after the dedication ceremonies at Aswan, Khrushchev and Nasser will spend a day fishing in the Red Sea from the official yacht Hourryia.

The Soviet leader's flight home is scheduled for May 25 but unofficial sources said there is a possibility he will stay one more day to rest.

Save the shells when you remove them from raw shrimp when the shrimps are to go "as is" into some dish. Make a stock of the shrimp shells with a couple of cups of water, a small sliced onion, a bay leaf and a few peppercorns by boiling for about 15 minutes. Strain this stock and use in a seafood chowder for extra good flavor.

When you have a small amount of chow mein noodles leftover, you can crush them and use them in a topping just as you would use crushed potato chips or dry breadcrumbs.

## SAYS TW3 AIMS AT COMMENT, NOT ALL SATIRE

By CYNTHIA LOWRY  
AP Television-Radio Writer

NEW YORK (AP)—"Nobody ever said we'd have a 30-minute satire show every week," said Leland Hayward, almost angrily. "That Was the Week That Was" is simply a program that makes comments on what's going on in the world."

Hayward is executive producer and owner of the Friday night NBC show.

"I think that, all things considered, we're doing pretty well, although I'm never happy with it and am always trying to make it better," the producer continued. "But all satire—never."

### ALWAYS IN RUSH

"We're always in a rush," he said, "and much of the time we have to cut, rewrite, even add new material between the dress rehearsal and the time we're on the air. Occasionally, something that looked okay in the dress rehearsal looks a little off when it goes on the air—that business about Eisenhower, for instance, should have never been in."

He referred to mimicking the ex-president in a way that affronted some viewers.

Hayward said that he is spending "just about all my time" on the show—much more than he planned—and currently is busy trying out new people.

He worries most about the sketches, knowing that most of them cannot be honed to perfection in limited time.

### MOVING NEXT SEASON

Next season, the show will be moved to a Tuesday night berth in the network schedule.

Before the "Emmy" awards balloting takes place, there will be considerable incidental electioneering lighting up the nation's television screens.

Tonight, for instance, NBC's Bob Hope Theater will rerun "Two Is the Number" with the performance that won Shelley Winters a nomination. And on Sunday, ABC's "Arrest and Trial" will repeat the "Journey Into Darkness" episode that produced nominations for Roddy McDowall and actresses Martine Bartlett and Anjanette Comer.

## Eastern League

By THE ASSOCIATED PRESS

The Reading Red Sox limited the league-leading Springfield Giants to four hits Thursday night as they defeated the Giants 5-3. But second-place Williamsport couldn't take advantage, as they were edged by York, 3-2, in 10 innings.

Elmira knocked off Charleston, 3-2, in another Eastern League squeaker.

At Reading, the Red Sox held off a ninth inning rally by the Giants to gain the victory for starter Fred Wenz, who went all the way.

The Giants were trailing, 5-1 going into the ninth, but could not overcome the Red Sox lead.

## Salem Journal Backs Scranton

SALEM, Ore. (AP)—Pennsylvania Gov. William W. Scranton, who had tried unsuccessfully to have his name removed from the Oregon presidential primary, has received the Salem Capital Journal's endorsement for the Republican nomination.

Scranton has not campaigned for the May 15 primary, and he ordered that a biographical sketch of him be withdrawn from the Oregon voters' pamphlet.

The Journal's editors said Scranton is "obviously well informed about issues of all kinds, he answers questions forthrightly, and he demonstrates what we consider good judgment."

Starter Frank Kasheta took the loss.

York lefthander Bob Baird hurled eight scoreless innings against Williamsport, but an error in the ninth by centerfielder Tom Brown allowed two runs and robbed him of the victory.

Jim Burton came in to pitch with two men on in the 10th and got the side out to pick up the win.

## CARY GRANT LIKED MURAL BY KIDDIES

By DIAL TORGERSON

LOS ANGELES (AP)—While reporters and photographers buzzed about a group of artists discussed how much their work was worth.

"I'll take \$10, myself," said one.

"No, \$800,000," said another. Actor Cary Grant and film director Jean Negulesco were among those who noticed the work—a 14-by-3-foot mural—and made inquiries about buying it.

### BY 28 FIRST GRADERS

It's a watercolor called "a trip to the airport," and it was done by 28 Los Angeles first-graders. Grant and Negulesco spotted it—on separate occasions—at Los Angeles International Airport.

It turned out to be priceless. No one knew whose it was, to ask the price.

The tag with the artists' identification had fallen off the back. A citywide hunt for the creators ended when teachers at Alhambra Elementary School recognized it as the mural of Bonnie Halfacre's First Grade class.

The airport, sponsors of a children's art display, returned the work to the artists Thursday.

"That's my jet," said Larry Gutierrez, 8.

### MAY GO FOR BOOKS

"I did the restaurants," said Carol Plumb, 7, pointing to what looked like terminal buildings. Only half the original 28 are still in the school in Highland Park, and Miss Halfacre is working in Provo, Utah. The children are Second Graders, now.

"It is an exceptionally good piece of children's art," said Inez Holt, principal, when the work was done.

If a wealthy traveler buys their work the 14 remaining creators won't share the \$10—or the \$800,000—it brings. Except indirectly. It'll go to buy new books for the school library.

## WOULD REDUCE MINIMUM AGE ON JUVENILES

PHILADELPHIA (AP)—Chief Justice John C. Bell, Jr. of the Pennsylvania Supreme Court, proposed Thursday that all offenders 15 or over be tried by adult courts.

The present minimum age for the adult court is 18, and those below that age come before juvenile courts.

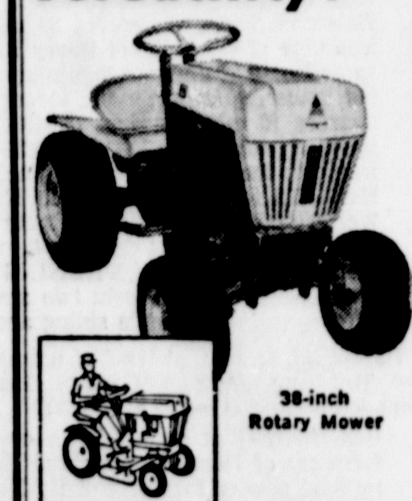

Addressing the opening session of the 13th State Judicial Conference, Bell said, "We must stop treating juveniles as if they were fragile flowers or little boys who are just in need of rehabilitation."

PARENTAL LIABILITY  
He proposed lowering the age limit as one of two special measures to reduce juvenile crime. He also proposed that parents be made liable under the law for damage done "willfully or maliciously or negligently by their minor children."

Bell cited some civil rights demonstrations tactics, such as sit-ins and street blockades, as a milder form of what he described as increasing lawlessness.

DEPLORES RADIO, TV  
Bell also deplored attempts

## FARM CALENDAR

Late Sowing Costly—Research shows that planting oats late in Pennsylvania has decreased yields as much as a bushel or more per acre for each day of delay, reports Elmer Pifer, extension agronomist at the Pennsylvania State University.

Water's Important—Growing chicks need water and Carl Dossin, extension poultry specialist at the Pennsylvania State University, suggests poultrymen provide at least one-gallon fountain for each 100 chicks, or four feet of trough length for each 250 chicks when automatic fountains are used.

Save Your Toes—The whirling knife-edged blade of a rotary lawn mower is dangerous, warn Penn State extension safety specialists. They suggest choosing a mower that is shielded well down toward the ground and treating it as you would a naked buzz saw. Be careful and save your toes!

Make Barn Safe—Early spring is a good time to make a safety check of the barn. Agricultural engineers at the Pennsylvania State University stress having ladders and stairways sound and uncluttered, providing protection around loft doors and feed and hay chutes, repairing barn floors and lighting dangerous corners.

Buy Best Seeds—Farmers are often tempted to try to save a

few dollars by buying "bargain" seed at a cheaper price, says George Berggren, extension agronomist at the Pennsylvania State University. But, he adds, there is no better investment in any farming program than quality seeds and the use of the information on the seed tag is a good place to begin.

And he proposed amending the state Constitution so that auto negligence suits could be handled in the same way as workmen's compensation cases, thus removing their burden from the courts.

## PLAYER LEADS AT FORT WORTH TWO UNDER PAR

By JAMES MANGAN

Associated Press Sports Writer  
FORT WORTH, Tex. (AP)—Gary Player, first-round leader of the \$75,000 Colonial National Invitational Golf Tournament with a crisp two-under-par 68, says he will be happy with straight par from here on out.

"I'm not greedy," the slim little South African said with a grin. "I'll take three 70s."

The heavy wet weather which hampered many of the big names in Thursday's opening round was predicted again for today. Accurate driving, always important on the 7,122-yard Colonial, was especially vital because of the weather.

### IN ROUGH ONCE

One stroke behind was scrappy Tommy Jacobs of Bermuda Dunes, Calif., who also played a near-perfect round off the tee. Both Jacobs and Player were in the rough on only one drive, and they each took par on those holes.

They were the only two players in the 72-man field to shoot sub-par golf. The last time par proved so tough for an opening day was in the 1963 U.S. Open.

Grouped at par 70 were Gay Brewer of Dallas, Ray Floyd of

## 10-Rounder Tonight In Chicago On TV

CHICAGO (AP)—Light heavyweights Allen Thomas of Chicago and Bobby Foster of Washington, D.C., both power punchers, clash tonight in the first free television bout in Chicago since 1960.

The 10-rounder in the Coliseum will be carried by ABC starting at 9 p.m., EST.

Thomas, 23, has a 19-3-1 record with 12 kayoes. In Ring Magazine's May rating he was moved into the top 10 contenders for Willie Pastrano's 175-pound title.

Foster, 25, recently featured in a national TV boxing documentary, has a 14-2 mark and 10 knockouts. He has stopped his last eight opponents.

CLEVELAND (AP)—Roger Crozier, the 22-year-old goalie whose part-time performances were a big factor in Pittsburgh's winning the Western Division title in the American Hockey League, was selected Thursday as the outstanding AHL rookie of the 1963-64 season.

St. Andrews, Ill., Al Bessell of Merchantville, N.J., and Jerry Edwards of Fort Worth.

### PALMER HAD 75

Arnold Palmer blew to a fat 75, one stroke ahead of Jack Nicklaus at 76. Defending champ Julius Boros shot a 77.

This year's Colonial field is probably the strongest of any tournament this year. Of the current 50 leading money winners, 45 are competing for the top prize of \$14,000.

Player, former PGA and Masters champion, is making only his eighth start on the 1964 professional tour. He finished second to Boros in the Colonial last year. Player is 13th on the official money list with \$13,840.

## 2 BIG RACES ON SATURDAY

By ORLOR ROBERTSON

Associated Press Sports Writer  
The \$50,000-added Withers and \$7,500 Preakness Prep, money-wise the top and bottom of the national feature events, top Saturday's thoroughbred racing program because of their relationship to the May 16 running of the \$150,000-added Preakness at Pimlico.

Neither the one mile of the Withers at Aqueduct or the 1-16 miles of Prep at Pimlico are limited to Preakness eligibles. But a top performance by any of the Preakness eligibles in either of the races could mean the unenviable assignment of clashing with Kentucky Derby winner Northern Dancer and runner-up Hill Rise in the second race of the Triple Crown. The Preakness is at 1-3-16 miles.

The Withers, a true test of speed, figures to attract a field of 11 or 12 3-year-olds. The Preakness eligibles include the Calumet Farm pair of Kentucky Jug and Ky. Pioneer, R. N. Webster's twosome of Traffic and National and Black Mountain and A Deck, also an entry. Prominent among the noneligibles are Lord Date, Riot Squad and Roman Counn. Riot Squad will be ridden by Bill Hartack, who won the Kentucky Derby last Saturday.

Knightly Manner and Big Pete are the two name candidates for the Preakness Prep. Knightly Manner won the Chesapeake Stakes at Laurel the last time out and ran second to Hill Rise in the Santa Anita Derby. Big Pete is unbeaten in two sprint races this year. One of his victories was in the recent Delaware Valley Stakes at Garden State Park.

## RUSK TO URGE NATO BACKING AGAINST REDS

**By JOHN M. HIGHTOWER**  
WASHINGTON (AP)—Secretary of State Dean Rusk flies to Europe today to urge NATO allies to contribute more to the fight against Communist guerrillas in South Viet Nam and to support the U.S. economic boycott of Cuba.

Rusk will attend a meeting of the North Atlantic Treaty Organization foreign ministers at the Hague next week following a visit to Brussels.

On the eve of Rusk's departure, Undersecretary of State George Ball sharply challenged the idea attributed to President Charles de Gaulle of France that the Atlantic Alliance serves the defense of the West and should be preserved but that its organization is a bad idea.

Some U.S. officials said this reasoning could lead to a conclusion that the basic defense pledge of NATO should be preserved but that the military command system should be radically altered and weakened if not actually abandoned.

Ball did not mention France or de Gaulle by name, but his speech at Georgetown University was in some ways the most outspoken discussion of the dangers facing NATO heard in a long time.

"The Atlantic world feels increasingly strong and confident of the future," Ball said. "There is danger that, if this happy state persists for long, some may be tempted to regard the obligations of a massive enterprise such as NATO as unnecessarily heavy, and some of our European friends — out of a sense of newfound confidence — may be led to consider NATO as too much an American show. There is already an apparent trend that way."

Officials said Rusk would welcome any suggestions for improving or strengthening NATO, but he does not expect decisions at the Hague conference on NATO issues.

What he hopes to accomplish

## Widow Trapped In Home Blaze

**PHILADELPHIA (AP)**—Fire swept a two-story brick row house early today, causing the death of a 57-year-old widow, trapped in a rear second-floor bedroom.

The victim was Mrs. Gladys Cigler.

Mrs. Cigler's son, Donald, his wife, Laura, and their son, four-month-old Donald Jr., all escaped safely.

William Weining, a neighbor, tried to rescue Mrs. Cigler and got as far as a front bedroom window when smoke and heat forced him back.

Firemen carried Mrs. Cigler from her charred home and rushed her to the Northeast Hospital, where she was dead on arrival.

## Man Charged In Bulldozer Theft

**WILKES-BARRE, Pa. (AP)**—The FBI has arrested James Bruno, 38, of Wyoming, on charges of receiving stolen construction equipment transported in interstate commerce.

Bruno was arrested Thursday after an FBI investigation at Trenton, N.J., and Wilkes-Barre revealed that a bulldozer was stolen in July 1963, from a road construction project near Trenton, and then transported to Luzerne, where Bruno operated a used car lot and service station. The bulldozer was valued at \$20,000.

is agreement by individual Allied leaders to provide greater assistance to the embattled government of South Viet Nam—assistance in the form of technical experts in transportation, agriculture, and the like and also direct economic help.

In the case of Cuba, Rusk believes that in spite of the recent breakaway of Britain and France from the U.S. policy of economic isolation the Allied governments can still be persuaded to lower the level of their trade.

A British firm has sold buses to Cuba. A French firm sold the Communist country trucks, and more recently another French firm concluded a deal for 20 locomotives.

## JAP ADMIRAL NOMURA DIES TODAY AT 86

**By JOHN RODERICK**

**TOKYO (AP)**—Adm. Kichisaburo Nomura, Japan's ambassador to the United States when his country attacked Pearl Harbor, died today after a long illness. He was 86.

ADMIRAL NOMURA

Nomura and special envoy Saburo Kurosu received one of the stiffest tongue-lashings in diplomatic annals when they arrived at the State Department on Dec. 7, 1941 bringing Japan's rejection of the latest U.S. peace formula. Bombs had just begun falling on the Pacific outpost.

Seething with anger, Secretary of State Cordell Hull kept Nomura and Kurosu waiting 15 minutes in an anteroom.

They entered Hull's office smiling and bowing and handed him the Japanese note. He read it slowly, without betraying his fury, even at the sentence, "The immutable policy of Japan is to promote world peace."

Then Hull exploded, telling the two shocked envoys:

"In all my 50 years of public service, I have never seen a document that was more crowded with infamous falsehoods and distortions — infamous falsehoods and distortions on a scale so huge that I never imagined until today that any government on this planet was capable of uttering them."

**DENIED KNOWLEDGE**  
Nomura, who had been assigned to Washington nine months earlier, repeatedly denied any advance knowledge of the attack which brought the United States into World War II. "I must have been the worst-informed ambassador in history," he said on a visit to the United States in 1953.

U.S. officials generally accepted Nomura's denial and did not press for his prosecution as a

## Announce Plans For Star Game

**NEW YORK (AP)**—Players, managers and coaches will vote for the major league All-Star teams in mid-June.

Commissioner Ford Frick announced selection plans Thursday for the game that will be held July 7 at New York's Shea Stadium, the majors' newest park.

Walt Alston of the Los Angeles Dodgers will head the National League team while Yogi Berra of the New York Yankees or Al Lopez of the Chicago White Sox will manage the American team.

Ralph Houk, who managed the Yankees to the AL pennant last season, has moved up to general manager.

## World News

**HEIDELBERG, Germany (AP)**—A U.S. Army captain who crossed into East Germany a year ago has been returned by Soviet officials. U.S. officials are investigating the case.

Capt. Alfred Svenson, 31, was returned to U.S. military control at Wartha Thursday. The East-West checkpoint is near Eisenach, where Svenson crossed into East Germany on May 4, 1963, while his tank unit was on maneuvers. The East Germans said he asked for asylum.

Svenson, a bachelor, was born in Lithuania and became a U.S. citizen in 1955. His mother, Antonia N. Svenson, lives in Washington, D.C.

**LONDON (AP)**—Heavy gains in local elections increased the opposition Labor party's prospects today for victory in Britain's general election this fall.

Results from all but three of the 358 boroughs that voted Thursday gave labor a gain of 254 seats on borough councils, the great majority from Conservatives and pro-Conservative independents.

The Conservatives showed a net loss of 132. Laborites won control of 10 towns, including the industrial centers of Portsmouth and Darlington.

**JAKARTA, Indonesia (AP)**—Indonesia, which has built the

war criminal.

**PEACE ADVOCATE**  
A tall, soft-spoken career navy officer, Nomura was drafted for the diplomatic assignment because he was known in Washington as an advocate of peace with the United States.

In the postwar years, he was a business executive. He was elected to the Japanese Senate in 1959, and he opposed the leftist campaign against the U.S.-Japan Security Treaty.

His health failed in recent years and he was under treatment for a brain ailment. He is survived by his widow and a son.

## COLLEGIANS TO CHANGE FADS

**HARTFORD, Conn. (AP)**—None of that party raiding or cramming of telephone booths for the students of Trinity College. At least not this weekend. Noon Saturday will signal the

start of a nonstop, 12-hour recital involving 70 agile fingers, a piano in Trinity's Seabury Hall, some Bach, some Beethoven and perhaps some singing-along music.

"I don't know for certain if the continuous 12 hours on the same piano will be a world record," said Dr. Clarence Barber, the man behind the marathon, "but it will be a collegiate record anyway."

Barber signed seven students to play for periods ranging from 30 minutes to as long as three hours.

"And if any of them fails to finish his stint, I'll have to fill in myself," said Barber, an associate professor of music who will be on standby alert for the noon-to-midnight concert.

**SUSPECT GETS SANITY TEST**  
COLUMBIA, S.C. (AP)—Federal authorities will await the results of a sanity examination before making their next move in the case of Joseph Francis Bryan Jr., 25, a suspect in four

## H.S.T. AVOIDS WORRYING BESS WITH INSULTS

By RAYMOND J. CROWLEY  
WASHINGTON (AP) — Harry S. Truman, feeling just fine today, solved problems right and left but confessed that a worry was gnawing at him.

The worry? What will Bess, the former first lady whom he left back home in Independence, Mo., think of his performance in Washington?

"She's always afraid," he said, "that I will insult somebody I am not supposed to insult."

So far Truman, special guest of President Johnson and the nation, has avoided insulting anybody.

**GIVES ADVICE**

But he has given an elder statesman's advice on several problems including:

1. How long should a president work each day. Fourteen hours, Truman said flatly.

2. How can a president avoid being assassinated as he rides through crowds. "Put back the two Secret Service guards who used to ride on the rear bumper," Truman said.

**DEFENDS DOG TREATMENT**

Truman arrived from Independence Thursday in an Air Force plane, and quickly went to Johnson's defense on the handling of hound dogs. The president had got into some hot water recently by lifting "Him" and "Her" by the ears.

When a newsman inquired whether that was the way to handle hounds, Truman asked: "Have you ever had any hounds?"

"No," the newsman said.

"Then what the hell are you hollering about?" Truman said. "That's the way to handle hounds."

**PRESS CLUB TALK**

Many events are on Truman's schedule today, including an off the cuff talk National Press Club and a dinner meeting with old buddies of the famous World War II Truman investigating committee.

But it is unlikely that any will surpass an event of Thursday when Truman got the Grand Golden Cross of Austria in the plush home of the Austrian ambassador.

Truman on this occasion proved himself adept at shifting from bourbon to champagne and back again without stripping a gear.

**RECEIVES DECORATION**

The ambassador, Dr. Wilfried Platzer, presented him the magnificent decoration as both men stood under an oil painting of Archduchess Christine, favorite daughter of Empress Maria Theresa of the Hapsburgs.

The ambassador praised Truman for helping rebuild Austria after World War II and keep it free.

Last stop for Truman Thursday night was a dinner of the Washington Masons where he got the award for distinguished service from the grand lodge of the district.

He sent the Masons by confiding that although a lot of hard things had been said about him "I don't give a damn as long as they can't prove them."

**PSU Squad Names New Co-Captains**

UNIVERSITY PARK, Pa. (AP)—Bob Weiss, a 6-foot-5 forward from Athens, and Ron Avillion, a 6-2 backcourt man from Luzerne, will be co-captains of Penn State's 1963-64 basketball team.

They were elected Thursday at the squad's annual picnic. At the same time, Bob Donato, team captain last season, was presented the second Samuel F. Crabtree award as the "outstanding player of the year."

## Scranton Awaits Reply To Wager

HARRISBURG (AP) — Gov. Scranton is awaiting a reply from Texas Gov. John B. Connally, whom he challenged to a friendly wager Thursday on the outcome of the 1964 Big 33 high school all star football game.

The game, matching top scholastic football players from the two states, will be played at nearby Hershey next Aug. 1.

In his challenge to Connally, Scranton said he would put up two lumps of coal (one lump anthracite, the other bituminous) and a miner's helmet. The Texas governor could offer whatever stakes he wished, Scranton added.

## U. S. ATTACHES CHARGE THEY WERE DRUGGED

By REINHOLD ENSZ

MOSCOW (AP)—Two of the American military attaches who said they were drugged in Odessa left today for Leningrad and Finland.

An American Embassy spokesman said they were going to Helsinki, the Finnish capital, for a brief holiday and would return to Moscow.

The attaches are Air Force Lt. Col. William L. Van Meter and Marine Lt. Col. James M. Landrigan.

A third American who said he was drugged, U.S. Navy Cmdr. Sumner Shpairo, remained on duty in Moscow.

**FILE PROTEST**

The embassy disclosed Thursday night that it had protested to the Soviet government that the three officers were drugged March 25 while on a trip to the Black Sea port of Odessa, where American ships have been docking with wheat shipments.

The British Foreign Office announced that an assistant British naval attaché, Lt. Cmdr. John Harvey-Samuel, was with the Americans and also was drugged. The British joined in the American protest.

British sources said Harvey-Samuel and his wife also had left Moscow, for Warsaw but the sources said they left their year-old son with his English nurse and would return.

**FELT DROWSY**

The attaches reported they felt unusually drowsy after dinner. The State Department said medical tests showed the men had been given enough barbiturates to cause drowsiness. They suffered no physical harm, however, the department said.

U.S. officials said they did not know of any theft of documents or attempts to compromise the attaches while they were asleep in their hotel rooms.

Last February, two U.S. naval attaches were harassed by a mob in Leningrad. In March, a U.S. Air Force attaché and a British air force attaché were surrounded by a mob in Tulsa. These incidents also were protested, and a U.S. Embassy spokesman said the embassy suspected both mobs were "inspired" by Soviet officials.

**Youth Freed In Manslaughter Bail**

HARRISBURG (AP)—A Steelton youth was freed in \$1,500 bail Thursday following a plea of innocent to charges of involuntary manslaughter and driving under the influence of an alcoholic beverage.

James Kozar, 19, was identified by police as driver of a car that collided with one driven by Louis J. Tomasic, 32, Harrisburg, last Sunday. Tomasic was killed in the accident.

Kozar also was charged with nine motor code violations which police said occurred during a chase that preceded the accident.

## COURT ORDER ENDS STRIKE AGAINST RAILS

CHICAGO (AP) — U.S. marshals served a court order early today ending the last of strikes against four railroads by firemen protesting the elimination of hundreds of firemen's jobs under an arbitration ruling.

The marshals served the temporary injunction against 25 pickets at the Joliet, Ill., switching yards of the Elgin, Joliet and Eastern Railway.

The order was issued in a special night session by U.S. District Judge Julius J. Hoffman in Chicago.

More than 800 railway workers had respected the picket lines set up by the 25 firemen Thursday after brief strikes against three other railroads had already ended.

**FIREMEN STRIKE**

Firemen struck at 12:01 a.m. Thursday, the hour of the start of the job elimination, against two Illinois switching lines, the Toledo, Peoria & Western Railroad and the Peoria & Pekin Union Railway. But about 10 hours later the walkout was called off by officials of the Brotherhood of Locomotive Firemen and Enginemen after telephone calls from union chiefs in Washington. The strikes had idled about 950 workers.

Pickets appeared at the Pennsylvania Railroad's Conway, Pa., yards, the world's largest at dawn, but they left shortly after noon. About 400 of the 1,200 workers were affected by the strike.

All four strikes were unauthorized, union officials said, and in defiance of a 10-day restraining order prohibiting walkouts issued Tuesday in Washington by Judge Alexander Holtzoff.

Railroad representatives obtained the court order because of reported strike votes taken on several lines throughout the country. A hearing is set for Monday.

**READY TO YANK PHONE CABLE**

PALESTINE, Tex. (AP)—Something has to give on Juan Macias' place today—either the Texas Telephone and Telegraph Co.'s cable underlying the land, or the farmer's determination in a phone bill fuss.

Macias has his tractor parked beside the cable ready to jerk it out unless the company begins removing it by 4 p.m.

He received verbal support Thursday from the Rev. Collin Furr, president of a telephone subscribers association opposing a recent rate increase of 33½ per cent.

The farmer and some 2,000 other subscribers want the rate hike rescinded, or their phones removed. The company cut Macias' service after he paid part of a back bill, but he contends that if he doesn't have service, the company shouldn't have access across his land.

"I've got to do this to show them I mean business," Macias said.

**CRASH KILLS FAMILY OF 4**

CONCORD, Calif. (AP)—Among those killed in the crash of a Pacific Air Lines plane near here Thursday were Mr. and Mrs. Donald T. Kendrick, 39, of Stockton, Calif., and their two children, Richard, 3, and Douglas, 1.

They were on their way to board another plane for Philadelphia to visit Mrs. Kendrick's mother, Mrs. Encie Schreppel, of Corning, N.Y.

Mrs. Schreppel had not seen her daughter for eight years and had never met her son-in-law or seen her grandsons. They were all to attend a

## TWO BANDITS BEING SOUGHT

HARRISBURG (AP)—Police are searching for two young bandits who held up the Family Finance Corp. office in nearby Lemoyne Thursday and escaped with an undetermined amount of cash.

Six employees, including the manager and a company official from Wilmington, Del., were forced to lie on the floor while the robbers, armed with snub-nosed revolvers, rifled cash drawers.

Thomas J. Cleary, the manager, said he could not determine the amount taken "until the office is closed and all the receipts and transactions are tabulated for the day."

Lemoyne Chief of Police James L. Clark said one of the gunmen put his revolver against the face of the Wilmington official, Lloyd Drummond, and ordered everyone to lie on the floor, as they cleaned out the cash drawer.

**Jeep Parachutes Into Power Line**

FORT WALTON BEACH, Fla. (AP) — Suburban residents searched for almost an hour before they found the cause of an electricity failure Thursday.

When two employees of the city golf course located the trouble, no one believed them.

A jeep from an Air Force C130 cargo plane apparently fell out of the aircraft and parachuted onto a power line.

A spokesman from the Tactical Air Warfare Center at Eglin Air Force Base said the jeeps are normally secured in the plane.

No one was injured. A power company spokesman said the lines were only burned.

## MISS BLATT'S LEAD IS 2,118

PHILADELPHIA (AP)—The counting of absentee ballots began today in some counties in the close primary race between Genevieve Blatt and Justice A. Musmanno for the Democratic nomination to the U.S. Senate.

The winner will oppose incumbent Republican Hugh Scott in next November's election.

Miss Blatt, state secretary of internal affairs, lost more ground Thursday as additional official primary returns narrowed her lead to 2,118 over the State Supreme Court justice.

In Philadelphia, the city count was completed and Musmanno supporters said he gained about 1,000 votes. The figures were scheduled for certification today, and if they stand, it would narrow Miss Blatt's lead to a little more than 1,000.

Berks County Thursday reported an official count of 13,819 for Miss Blatt and 6,983 for Musmanno—a loss of 220 votes from the unofficial returns for Miss Blatt, and a gain of 71 for Musmanno. This added up to a total loss of 291 votes from Miss Blatt's lead.

**APPEALING FACTORS**

The \$11.5-billion tax cut, paring of the federal pay rolls, and the President's apparent appreciation of the role of corporate profits as a basic ingredient of economic growth were among other factors cited as appealing to business leaders.

Most of the council's active membership — which embraces many of the biggest names in industry—have had close contact with Johnson since he became President. Two of them, railroad president Stuart Saunders and auto manufacturer Henry Ford II, headed the Business Committee for Tax Reduction.

About one-third of the council's members were among the 70 prominent industrialists and financiers who were Johnson's guests at a White House dinner last week and heard the President pledge:

"For as long as I am President, the leaders of industry and finance are going to be welcome in this house."

Atty. Gen. Robert F. Kennedy and several of his aides at the Justice Department were to address the council's closed meet-

## BIG BUSINESS IS MUCH MORE COMFORTABLE

HOT SPRINGS, Va. (AP)—There were plentiful signs, as the Business Council began weekend meetings with high administration officials today, that President Johnson has gone far toward winning the confidence of business.

Several of the 100 top industrialists here for the council's spring conference—mostly Republicans — told reporters privately they feel Johnson has shown sympathy and understanding for the problems of businessmen.

Some said they believed this view was widely held in the industrial and financial community.

One explained: "They feel a lot more comfortable with him than they did with President Kennedy."

"They think he really listens to them when he asks for their advice, and they know he always did ask advice from business friends, when he was senator and vice president."

Said another: "He got off on the right foot with business from the start by cutting the budget and promising a dollar's value for every taxpayer's dollar spent."

**QUITTING STATE JOB**

HARRISBURG (AP)—Robert C. Milligan of Eitner R. 2, York County, is leaving his \$11,501-a-year State Health Department post as director of the Division of Public Health Education.

Milligan resigned Thursday to accept a similar position with the St. Louis Department of Health and Hospitals. No successor was named for Milligan, who has held the state job since 1953.

ing today on the implications for businessmen of the pending civil rights bill.

Earlier this week the conference toned down a resolution condoning civil disobedience.

## Dirksen To Offer Additional Changes

WASHINGTON (AP) — Senate Republican Leader Everett M. Dirksen of Illinois plans to put before administration officials today the changes he wants in the public accommodations section of the civil rights bill.

A key figure in negotiations aimed at breaking the Senate's impasse over the House-passed measure, Dirksen already has presented 69 proposed amendments to other sections in conferences held in his office this week.

Participating in the conferences have been Senate leaders of both parties and Atty. Gen. Robert F. Kennedy and his top aides in the civil rights field.

The approval of the fund by the some 900 delegates came Thursday over protests of southerners.

# One Athlete's Death To Cancer May Save Life Of Line Backer For LA Rams

HOUSTON (AP)—The death of one young athlete may have indirectly saved the life of another.

Mickey Herskowitz of the Houston Post, traveling with the Houston Colts, told from Los Angeles Wednesday the remarkable story that involves an almost chilling coincidence.

Two weeks ago Jack Pardee, former star fullback at Texas A&M and now a linebacker with the Los Angeles Rams of the National Football League, quietly underwent surgery for the removal of a malignant growth on his right forearm.

## HE'S OPTIMISTIC

Pardee, now recovering at his home in the San Fernando Valley, is optimistic about the future, and will know within 30 days if he can report in July for the start of his eighth professional season.

On the morning of April 10, Pardee sat down to breakfast and turned to the sports section of a Los Angeles newspaper.

He read, with rising interest and a sense of uneasiness, of the death of Jim Umbricht, the Houston Colt pitcher, from cancer.

## WIFE INSISTED

Pardee thought about the mole on his right arm. He had noticed it nearly a year ago, and last winter—in the middle of the pro football season—he knew he should consult a doctor.

But this meant missing a game and Pardee said he told himself he would attend to it when the season ended. The season ended. The weeks turned into months and the day came when he read of Umbricht's death after a brave but hopeless battle.

"The way the papers described it," Pardee said, "it sounded exactly like what I had. I made an appointment to see a doctor the next morning. Actually, my wife—Phyllis—had insisted on it."

Tests revealed the growth on Pardee's arm was malignant. His doctor told him he had melanoma—black mole cancer—the very form of the disease that had been detected too late in Umbricht.

On April 20 surgeons at the Medical Center at UCLA removed the growth in an operation that lasted 9½ hours.

"It was a complicated operation," Pardee said, "and my arm has been a little slow to heal. But my doctors say that I can expect a complete recovery. I just thank God we caught it in time."

Pardee had never met the late Houston pitcher, whose determination touched and inspired people throughout the country.

"I don't know how long I might have put it off, if I hadn't read that story. I felt fine, and you know how it is. When you're feeling good you hate to see a doctor."

## Soviet Accuses Red China Of "Wooing" Imperialists In Effort To Split Party

By WILLIAM L. RYAN  
AP Special Correspondent

New developments in the Moscow-Peking dispute make virtually inescapable the conclusion that communism is finally and

irrevocably split into two main camps.

Premier Khrushchev is under pressure to call an international Communist conference in June or July in a last effort to avert the division. But it is likely such a meeting would only confirm that the split is a fact.

## ROMANIA GIVES UP

Red-ruled Romania has been trying feverishly to mediate the dispute but seems about ready to give up.

The Romanian party's April statement on the schism bemoaned a Red Chinese contention that "in conditions now prevailing in the Communist movement, a split both on the international plane and within various parties becomes necessary and unavoidable." The party said what Peking is doing "means to call for a split."

## RUSSIANS BLAST CHINA

Infuriated, Khrushchev's Soviet party has delivered two new Sunday punches at the Red Chinese, both on the same theme: Red China is trying to break out of isolation and throw its weight around in capitalist countries. It turned heavy propaganda artillery on Chinese pretensions to leadership of a new world bloc.

The Soviet party fired a barrage on this subject in the March issue of its theoretical journal, Kommunist. It renewed the attack in the journal's latest issue, out this week.
